## TWO LIVES LOST IN NEW YORK FIRE

Former Spanish Consul General and Wife Victims — Cigar Responsible for Tragedy

NEW YORK, Aug. 28.—Hippolyte Uriarte, formerly Spanish consul-general here, and his wife Marie Louise, mistook a window leading to an air shaft for one opening on a fire escape and plunged four stories to their death. Uriarte was 52 years old. The fire was kindled, it is believed, when Uriarte lit a cigar which he intended to smoke before going to bed. The aged couple had been up until a late hour celebrating the home-coming of their son, Louis, an accountant in Cuba.

## THE THAW CASE IS PETERING OUT

Decided Lull in Matters at Sherbrooke—Thaw's Chauffeur Released on Bail

SHERBROOKE, Que., Aug. 28.—"Gentleman Roger" Thompson, the New York chauffeur who whisked Harry K. Thaw from Matteawan, walked the streets of Sherbrooke today a free man. Police Magistrate Mulvane, admitted him to \$500 bail after he had appeared for trial charged with aiding Thaw, a lunatic and therefore an undesirable, to enter the Dominion.

F. Campbell, for the immigration department, announced to the court that he wished to press first the charge that Thompson entered Canada by stealth. Thompson's counsel, Louis St. Laurent, acting with the Thaw counsel objected to proceeding on this charge and at their request the adjournment was granted.

William Travers Jerome, Dist. Atty. Conger of Dutchess county, Deputy Attorney General Kennedy trying here to get Thaw back to Matteawan, were in court. The little courtroom was packed. With Thaw in jail for an indefinite period probably till the session of the king's bench in October and the Thompson case postponed indications were that there had set in a decided lull in matters pertaining to Stanford White's slayer.

Not Much Doing. Magistrate Mulvane did not take his seat on the bench until nearly 10:30. F. Campbell opened the case for the prosecution, electing to try Thompson on the charge of entering the Dominion by stealth, thus sidetracking the Thaw issue. A recess was then taken in order that a court stenographer might be procured. When court recon-

vened adjournment was taken until Wednesday, Sept. 3. Meantime Thompson was admitted to \$500 bail.

Thaw Was Interested. Thaw evinced marked interest in the Thompson case today, as he thought it might involve a subsequent test as to his own sanity. His lawyers did not see him this forenoon.

Jerome was one of the first to appear in court. Thompson came in at 10:30 and held counsel with his lawyer, M. St. Laurent. Thaw's counsel, White and McKee, assisted him. The case of Thompson is so interwoven with Thaw's that the Thaw counsel were anxious that no false step be made.

Thinks Thaw Sane. Thompson, leaving jail, strolled leisurely into the Magog house, headquarters for the lawyers fighting for and against Thaw's deportation and lunched at a table next to that occupied by William Travers Jerome, chief of the New York forces, District Attorney Conger and Sheriff Hornbreck of Dutchess county.

The sheriff had in his pocket a warrant for the arrest of Thompson on a charge of conspiring with others to liberate Thaw, but it has no weight in Canada and Thompson smiled in his security.

The chauffeur's chief concern lies in the fact that he cannot with the warrant hanging over him return to New York state.

"But as for squealing," he said, "I wouldn't say a word to hurt Thaw's case for a million dollars cash. I think he is sane and I want to see him go free. I want into the case in New York recently and my conscience is clear."

"I won't jump my bail here, either," concluded the chauffeur.

## CLOSING EXHIBITIONS AT THE PLAYGROUNDS

CHILDREN WAITING TO TAKE PART IN THE PROGRAM ON SOUTH COMMON

Each Carried Out its Own Program—Industrial Exhibit of Articles Made by the Children Postponed

The closing exercises of the various playgrounds of the city were held this afternoon, and the event was marred only by the wet grounds affecting the programs. Last year the affair was held on the South common in the form of a monster gathering, all children from the other public playgrounds participating, but this year it was deemed advisable to have exercises at each place, and the project was greeted with joy by the young folks, as well as by the supervisors and assistants, and as soon as it was announced that each place of amusement would have its own exercises, all interested set to work, and the result was that a very interesting program was prepared in every district.

A feature of all the playgrounds, however, is the industrial work, which reflects much credit upon those in charge. It shows that while amusing themselves the little ones were given valuable instructions as to saving and other work which will prove of great benefit to them later on. The children were also trained to respect each other, and in some places although as many as fifteen various nationalities were represented, the little

ones were taught to amuse themselves in a family way, and the instructions in all instances were followed to the letter.

Industrial Exhibits Postponed. Although the industrial exhibits were not shown on the grounds today, a Sun representative looked them over and they are referred to below. They are well worth seeing. They will be exhibited tomorrow in the store at the corner of Central and Market streets, recently vacated by the American Express company.

The Alken street playground, however, which is in charge of Supervisor Irving T. Gumb, is the only place where boys were taught industrial work, while enjoying various games, and to the credit of Mr. Gumb, he said that the exhibit there on the boys' side is very interesting.

The park commissioners were in attendance and presented the prizes. Mr. John Mills on the North common; Supt. J. W. Kernan on the Alken street; Mr. Alex. Rountree on the Greenhalge; Mr. Harvey B. Greene on the Paige street; and Mr. Harry F. Carr on the South common.

The exhibit of industrial work on the South common included dresses, aprons, rompers and kimono, which were cut, fitted and sewed by machine on the playground. The hand-sewed and embroidered articles

formed a special exhibit, each piece of work having been carefully laundered and mounted on dark paper so that all its beauties might show. Here were centerpieces, dollies, collars, bags, bureau covers, aprons and blouses.

A prize had been offered by Commissioner Carr to the girl who should make the best showing of industrial work, but when Mr. Carr had finished his examination he decided to give two prizes instead of one. Two girl jewel cases were, therefore, awarded, one to Mary Kelley, the other to Esther Sears. Mary's exhibit consisted of one tucked dress, one plain dress, two pairs of bloomers, two Irish crochet bags, one embroidered waist; Esther's exhibit was one embroidered dress, one plain dress, one child's kimono dress, two pairs of bloomers, one pair of rompers, one embroidered bag.

Smaller Children. While the smaller children assembled for ring games, the larger ones for races. The ring games played were: Lazy Mary, Bull in Ring, Oats, Peas, Beans, See-Saw, Lasso, Dodge Ball, Touch Bag. The races were: Three-legged, potato, 50 yard dash, hopping race, relay race.

Ten dances were given: Swedish Polka, One of Diamonds, Danish Greeting, Children's Polka, Bleking, German

## GIANT STEAMER IS FLAMING TORCH

Afire in Buttermilk Channel With 600,000 Gallons of Oil and Benzine in Her Hold

NEW YORK, Aug. 28.—The steamer Burgermeister Hachmann, with 600,000 gallons of crude oil and benzine in her hold, was still a blazing torch in the Buttermilk channel this morning, 14 hours after her cargo had been fired when a spark struck last night by two tin cases started the fire. The 3000-ton vessel had listed 15 feet to port at nine o'clock and the water was then within a few inches of her deck.

A battery of three fireboats surrounded the craft and pumped water on her as night. Notwithstanding she burned steadily. Blazing blocks of wood dislodged from her steel frame floated down the river, menacing other craft. Nine thousand gallons of benzine had not been reached by the flames at nine o'clock, and fire fighters were hopeful that she would sink before this should explode. Thousands of persons lining the water front were swept back by the police reserves of three precincts, who believed that they would be imperilled in case of an explosion, and a zone extending a block back from the river was established, through which no spectators were permitted to pass.

Clouds of Steam. With a mighty hiss the Burgermeister Hachmann sank to the bottom of the channel this afternoon. Clouds of steam rose above her and hovered a moment over the ship where she went down.

The channel is shallow there and the superstructure remained above the water when the ship settled but did not burn.

## LIGHTNING STRIKES ACTON POWDER MILL

Big Explosion at W. Acton Destroyed Mill and Shook Distant Cities—Nobody Killed

ACTON, Aug. 28.—Many Middlesex county cities and towns were jolted severely today when one of the mills of the American Powder Co. blew up after being struck by lightning. It is believed that no person was in the immediate vicinity of the mill, and so far as known there were no casualties.

The force of the explosion shattered windows and smashed crockery in houses situated some distance from the mill and caused rumors of an earthquake to originate from a number of distant points.

Shocks Felt in Lowell. The shock was distinctly felt throughout this city, and thousands who were rocked in their beds thought that the shaking of the houses was caused by an earthquake. When it was learned that the shock was caused by the explosion of a powder mill at Acton parties said that the explosion must have been almost as powerful as that of the Riverside magazine in our own city. West Acton is about fifteen miles from Lowell.

Games Postponed. The ball game between Lowell and Fall River scheduled to be played at Spaulding park this afternoon was postponed on account of wet grounds. A double header will be played tomorrow.

American at Boston: Washington-Boston game postponed, rain.

New England at Worcester: Lawrence-Worcester game postponed, rain.

New England at Portland: New Bedford-Portland game postponed, rain.

New England at Lynn: Brockton-Lynn game postponed, rain.

New York American at New York: New York game postponed, wet grounds. Two games tomorrow.

C. W. PAYSON IS MISSING

His Brother Searching Lowell for Him

C. W. Payson of New York City has mysteriously disappeared and his brother, P. A. Payson, proprietor of the Leeward farm of North Reading, came here this afternoon in search of news as to his whereabouts. The missing man was visiting his brother at the time of his unaccountable disappearance.

Mr. Payson gave the entire story to a Sun reporter this afternoon at the police station where he had come to try and learn of his brother's whereabouts. "My brother," said he, "came on from New York last Saturday to stay a few weeks with me. He is a man over 60 years of age and enjoys traveling, so that I suggested to him Wednesday morning that he take a trolley ride to Lowell and Lawrence and view the country in this vicinity. That is the last I saw of him, and I have received no word from him since that day."

"Did Mr. Payson have any money about him?" asked the reporter. "Well, not much," responded the missing man's brother. "I should say that he had in the neighborhood of \$200."

bezzlement from a bank in that city. In default of \$2000 bail, Norton was locked up pending the arrival of detectives from Savannah.

Civil Service Exams. The United States civil service commission announces the following competitive examinations to be held in this city:

## TERRIFIC ELECTRIC STORM

Raged in Central Massachusetts Today — Buildings Destroyed and Trees Uprooted

WORCESTER, Aug. 28.—Lightning, wind and rain, caused heavy damage in central Massachusetts during a terrific electric storm today. Lightning struck at several places in this city. One bolt destroyed the home of Alfred A. Norton. Another caused considerable damage to three houses adjoining each other, striking the residences of Edwin Kenerson, John H. Brooks and Lewis Brooks. A large hole was torn in the Kenerson house. All of the occupants were stunned and were rendered dumb for more than half an hour. Several other buildings suffered minor damage by lightning and telephone and fire alarm systems were affected. Trees were uprooted by the wind and streets were flooded by the rain.

The house and barn of Robert L. Hayes at North Grafton was burned to the ground by a lightning bolt. At Oxford three houses were damaged by lightning and Joseph Douglas while driving across the Oxford fair grounds was knocked from his wagon and rendered unconscious by a bolt.

\$7,000,000 FOR ARMOR PLATE PLANT

WASHINGTON, Aug. 28.—Rep. Britten of Illinois today introduced a bill to appropriate \$7,000,000 for a government armor plate plant to be operated by the government. His idea is to break what he calls the "trust now controlling the armor plate situation in this country." He contends that a government plant should turn out 10,000 tons a year not exceeding \$314 a ton.

## TO ABOLISH GRADE CROSSING

City Solicitor Filed Petition at Cambridge

Garbage Collection Suspended to Allow Men to Parade

The so much talked about railroad grade crossings at Middlesex and Thorndike streets, may be abolished before a great while, for at the request of Mayor O'Donnell the city solicitor filed Tuesday a petition at Cambridge for dissolution of the said crossings.

This, of course, means a great expenditure and considerable work, but the city will be taxed for only ten per cent. of the cost, while the state, town-

## WANTS PUBLIC PLAYGROUND

Com. Cummings Favors One For West Centralville

Progressive Party Wants Two Men at Each Precinct

Commissioner Cummings stated this morning at the regular meeting of the municipal council next Tuesday, he will ask the members of the council what they intend to do with the proposition of a playground for West Centralville. He said the park department has a plan of the proposed land, and it is now up to the council to decide as to whether a certain portion of this land which extends from Isl- and street to the brook, will be taken up for playground purposes. He said he favors a park in West Centralville.

## ROBT. NORTON WAS POPPING

The Question When In Popped a Couple of Detectives

And the Girl Didn't Have Time to Say Yes or No

NEW YORK, Aug. 28.—Just as Robert Norton, a real estate broker of Savannah, Ga., was in the act of "popping" to Miss Edna Robinson in her Brooklyn home today there was a sharp rap on the door and before Miss Robinson had time to say "yes" or "no" to his plea a couple of detectives entered and placed Norton under arrest.

The young man is wanted by the Savannah police, a warrant having been sworn out charging him with em-

## ANDREW CARNEGIE

Spoke on Progress of Peace Movement at Unveiling at Peace Palace—Praised Sir William Cremer

THE HAGUE, Netherlands, Aug. 29.—Andrew Carnegie spoke on the progress of the peace movement at the unveiling today at the new palace of peace of a bust of the late Sir William Randall Cremer, the working carpenter who became a member of parliament and who was knighted by King Edward VII. Cremer was the originator of the inter-parliamentary conferences, a winner of the Nobel peace prize and for 37 years secretary of the international arbitration league.

Mr. Carnegie spoke of Cremer as one of the pioneers of the greatest of all causes—the abolition of war.

"The killing of man by man," he said, "was the greatest of all crimes." Mr. Carnegie submitted that the only thing required for a world peace agreement was the co-operation of three or

four of the leading civilized powers against disturbers of the world's peace.

## Directory of Manufacturers

A directory of Massachusetts manufacturers has been compiled by the bureau of statistics under the direction of Charles E. Gettemy, assisted by the various trade organizations in the state.

The directory contains about 3300 concerns and is a ready reference for manufacturers desiring to increase their trade and having at hand actual names and addresses of firms.

The directory is classified by industry, corporation, individual or firm name or location. The local list was compiled by Secretary Murphy of the board of trade and used in the year book of the board. A few omissions have been made, but most important concerns have been listed.

A limited number of the directories have been received at the board of trade office, and copies may be procured there by members of the board of trade who can use the directory to their advantage.

## EXHIBITIONS AT PLAYGROUNDS

Continued

Clap Dance, Carrousel, Norwegian Mountain Dance, Scotch Reel, Irish Lilt.

Later the dancers broke ranks and teams were formed for games. Four teams made ready for captain ball and two for basket ball. Every player was dressed in regulation South common uniform, a white muddy blouse and navy blue bloomers. They presented a very neat and attractive appearance. The games continued until 4:30 when the program ended.

Miss Katherine Tobin is the supervisor and her assistants are Miss Marion Conroy and Miss Marion Carey, and the three deserve special mention for their success in the playground work. The exhibit is one of the finest seen in this city, and also reflects much credit on the little team who so carefully followed the instructions cheerfully given them by these three young ladies.

## Boys' Program

The boys' program started at two o'clock sharp with a varied list of

continued for one hour, the dances being as follows:

Greeting and Meeting, I See You, The Muffin Man, Children's Polka, Danish Dance of Greeting, ShoeMakers, Indian dances, May Pole dance, How-de-do, Pop Goes the Weasel, Dancing Toppers, Annie went to Gubbago Patch, Races of all descriptions were also carried off.

The young women in charge of this playground are as follows: Miss Mary Joyce, supervisor; Miss Grace McAlister, Miss Mary G. Sullivan, Miss Zola Reed and Miss Carlotta Abels, assistants.

## Sporting Events

The boys of the North common are in charge of Supervisor Charles A. Donahue and John McVadden, assistant, and under their direction a fine sporting program was carried out, the numbers being as follows:

25 yards dash, open to boys 10 years of age and under.

50 yards dash, open to boys 12 years of age and under.

100 yards dash, open to boys 15 years of age and under.

Running broad jump, open to boys 15 years of age and under.

Running high jump, open to boys 15 years of age and under.

Hop, step and jump, open to boys 12 years of age and under.

strings, and they prove very interesting for the chains and fobs were all hand woven and some contain pieces of jewelry and are neatly finished. The boys were also taught to tie any knot possible, and all this work is the result of the efforts of the supervisor, Mr. Irving T. Gumb.

The girls' program was quite elaborate and was well carried out.

## Industrial Exhibit Postponed

The industrial exhibition, circle games, older girls, dodge ball, slide ball, prisoners' base, three deep, middle group, soldier boy, cat and mouse, bingo, skip away, carrousel, youngest, soldier boy, farmer in the dell, lasso, oats, peas, beans, etc., 349, Captain ball game, croquet, 336, races, youngest group, 10 yard dash, bean bag board, bean bag throw, marshmallow race, middle group, all up relay, 25 yard dash, doughnut race, oldest girls, potato race, 30 yard relay race, potato spoon race, 30 yard dash.

The girls' supervisor is Miss Eugenie Frappier, who is ably assisted by the Misses Gladys Stabney, Emilie Radford, The winners of the prizes were Dorthy Vezina, Clara Mateau, Ernestine Bloudeau, Corine Turner, Olivia Roberge and Marie Anne Moisan.

sports and suitable prizes, consisting of free passes to any of the future baseball game at Spaulding park, Jack knives, baseballs and gloves, caps and other useful articles too numerous to mention. The program as carried out was as follows:

100 yards, seniors; 15 yards dash, juniors; high jump, seniors; high jump, juniors; one mile race, seniors; broad jump, seniors; hop, step and jump, juniors; quilt match, juniors; relay race, seniors; baseball game, seniors; and baseball game, juniors.

The boys of the South common are in charge of Patrick J. Reynolds, who is ably assisted by Eugene Donovan. They have the boys trained down fine, and they spared neither time nor labor to give the little "chaps" plenty of enjoyment, and see that every one leaves the grounds every afternoon well satisfied with the day's pleasure. They certainly are the right men in the right place.

## North Common

The industrial work at the North common won much praise. It consisted of crocheted work, slippers, petticoats, babies' coats, tidies, dollies, baby dresses, sofa pillows, bureau scarfs, pin cushions, and others too

Pole vault, open to boys 17 years of age and under.

Three-legged race, open to boys 10 years of age and under.

Relay race, open to boys 12 years of age and under.

Copper scramble, open to boys 12 years of age and under.

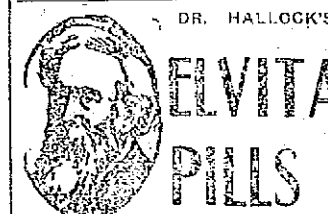

Quilt throwing contest between picked players.

Baseball game, Shamrocks vs. Rose-dales.

The attendance on the North common was especially large and the baseball fans were given the time of their lives, for the game played was between two strong aggregations and was very interesting.

## Alken Street

The very attractive industrial exhibit at this place consisted of articles made by both the girls and boys. The girls' exhibit consisted of the following pieces: 18 dresses, 15 kimono, 29 aprons, five pairs long curtains, 10 pairs short curtains, 50 head chains, 2 crocheted petticoats, 5 night gowns, one dozen dust caps, 15 baskets, one dozen meadow seed bags, 20 crocheted bags, one large teddy quilt, three cradle quilts, doll dresses and dollies. The boys' consisted of watch fobs and chains, manufactured with shoe

The boys' sporting program, which was in charge of Supervisor Leo McCarthy, was carried out in a very satisfactory manner.

## Prize Street

The prize winners at the Paige street playground were Mary Kelley and Leo Lalonde. The youngsters at this playground are enthusiastic workers, and the exhibit of their work shows that they were kept busy the entire season.

A few of the articles of their handwork are the following: Hemstitched serim curtains, muslin and gingham curtains, belts, towels, bonnets, pin cushions, kimono, aprons and dolls' quilts. The children who are too young to sew were given sewing cards to work on. The boys also sewed and made a variety of baskets. The supervisor of the playground is Miss Irene R. White, while her assistant is Miss Edwina Rosatto. The exhibition opened at 2:30 o'clock, and this was followed by a game of baseball and ring toss, as well as a number of races. The exercises closed with a penny scramble for both boys and girls.

## Caminetti Trial

SAN FRANCISCO, Aug. 29.—The surprise of the Caminetti trial came this morning when Thomas H. Warrington of Sacramento, father of Marsha Warrington, took the stand in place of his daughter. White-haired, clean-shaven, kindly-faced, he testified that E. Drew Caminetti, the defendant, charged with violating the Mann White slave traffic act, called frequently at his house for his daughter under the name of "Mr. Whitman." Mr. Warrington said "Whitman" was an honorable suitor for his daughter's hand.

## Race Against Death

NEW YORK, Aug. 29.—Lee and Jacob Shubert and their three sisters—Eunice, Sarah and Doris—lost by five minutes today a race against death in

the bedside of their father, David, in Jamaica. The Messrs. Shubert and their sisters started from Rocky Point in a high powered auto when informed of his condition and traveled at high speed to his home. They were too late.

## Bolts of Lightning

PROVIDENCE, R. I., Aug. 29.—A severe electrical storm swept over this city and vicinity early today. Shipping in the harbor was threatened by great bolts of lightning which kept it in imminent danger of damage. Several houses in the outlying districts were struck by lightning and burned with heavy losses. Lightning also is said to have struck a church outside the city and to have burned its steeple.

## Cures Stubborn Eczema

"For several years I was greatly distressed with a spot of eczema on my elbow, it causing me untold annoyance and trouble. I tried all of the standard remedies and at one time feared it would be a life-long annoyance. I finally sent for a sample of your SULPHOLAC and after one or two applications, found very marked improvement. I purchased a jar, used it consistently, and in a very short time the spot had entirely disappeared. It is two years since the last application and there has been no recurrence. You have my permission to publish this, as I feel I'm doing a favor to others who are similarly affected." F. W. Herington, Passaic, N. J.

# WOMEN BEAT PREMIER ASQUITH

## British Prime Minister Pulled All Over the Lot by Suffragettes—Daughter Protects Him

ELGIN, Scotland, Aug. 28.—The British prime minister was the object of an attack yesterday afternoon in which his civility restrained him.

from adequately defending himself. While he was gonging with his daughter on the Leamington links, two suffragettes, who had quietly come up to the green, sprang at him suddenly. They knocked off his hat, grabbed him by the clothing, and dragged him some distance over the ground.

The prime minister bore his rough treatment complacently and refrained from using force to make them desist, while they imparted to him their opinion that he was a scoundrel and a past master in the arts of Ananias.

Mrs. Asquith, who was a little distance off when the suffragettes pounced on her father, ran to his assistance and proceeded to apply sufficient methods to the militants. The battle lasted for only a few minutes, when two detectives rushed up and with difficulty released Mr. Asquith from the clutches of the suffragettes.

The detectives took the women to the club lodge, where, after listening to various opinions of themselves hardly less complimentary than those they had expressed to the premier, they were placed in a motor car and driven to the Elgin police station to the accompaniment of much howling and hissing and repeated cries of "Let us get at them; we will duck them in the sea!"

At the station the women refused to give their names or addresses. Mr. Asquith resumed play after the suffragettes had been hauled off him and was loudly cheered when he reached the last green.

# STEWART PHILLIPS DEAD

## Billerica Farmer Victim of Peculiar Accident

A man named Stewart A. Phillips, aged 70 years, employed on the farm of Joseph Wright at Billerica, died at St. John's hospital at 6.20 o'clock last night as a result of injuries sustained while at work late yesterday afternoon.

The man was sinking rocks in the pasture in the rear of the farmhouse and was digging a hole in which to place a large rock. In some manner the earth gave way and the stone tumbled over on the man's leg. As a result he suffered a compound fracture of the leg and was first treated by Dr. Tyler of Billerica and then sent to St. John's hospital, where he died shortly after. He had probably sustained internal injuries in addition to the injury to his limb.

## PLEASANT EVENING

Large Attendance at Second Annual Dance of Anita Campers at Pawtucket Boat Club.

The second annual dance by the Anita Campers was held last night at the Pawtucket Boat club dance hall, in Pawtucket street. The attendance was very large and a pleasant evening was spent. The hall was beautifully decorated for the occasion, and a fine dancing program was enjoyed all a late hour, music being furnished by the Highland orchestra. The young men in charge of the affair were as follows: General manager, Fred Theriault, assistant general manager, Ernest Levesque; floor director, Eugene Corbett; aids, Adolphe Yavette, Peter Desjardis, Charles Chaboussier, Joseph Drouin, A. Gullbault and Maurice Arcand. The permanent officers of the Anita Campers are: President, Joseph A. Chouinard, Jr.; treasurer, Maurice Arcand, and secretary, J. Matte.

# MRS. MARY A. BILLINGS

## Cambridge Woman Full Fledged Skipper

BOSTON, Mass., Aug. 28.—The distinction of being the first woman in New England to whom the United States government has granted a license to operate a boat run by power fell to the lot of Mrs. Mary A. Billings of 23 Chestnut street, Cambridge, yesterday. After receiving her license, Capt. Billings let it be known that "her one ambition now" is to be a second officer aboard one of the trans-Atlantic liners. She is now preparing for the examination required to obtain that class of license.

Capt. Billings' boat is the "Yarma," and now rides at its anchorage on river basin. Although now empowered to operate her boat for business purposes, the new skipper hadn't quite made up her mind yesterday whether she will launch the "Yarma," a 24-foot boat, carrying a six-horse power engine, in the merchant-marine service or simply use the boat for pleasure.

As there are only seven other women in this country licensed by the government to operate boats run by power, Mrs. Billings' excitement and elation when she received her certificate yesterday from Steamboat Inspectors Blaine and Savage was justifiable, customs officers declared.

The "Yarma" has been owned by Capt. Billings for about a year, but her experience with this and other types of power boats dates back from eight to 10 years.

"I won't be satisfied, however, until I get a master's or a second mate's license," Capt. Billings declared as she was leaving the steamboat inspectors' offices.

The only woman who appears in local waters with a master's license is Mrs. Georgia Orne, skipper of the 100-year-old schooner "Hiram."

## FORESTERS ELECT

Lynn Man for Their Chief—Lynn Jurist Wins Contest With California Rival

ATLANTIC CITY, N. J., Aug. 28.—Judge Edward B. O'Brien of Lynn, Mass., was chosen supreme chief ranger of the Foresters of America, in convention here yesterday, over Judge C. P. London of California, his rival, who was elected supreme chief ranger.

Other officers elected included supreme treasurer, P. J. O'Keefe, New York; supreme secretary, T. M. Donnelly, New Jersey; supreme recording secretary, Charles W. Bagley, Connecticut; supreme lecturer, Dr. W. G. Smith, Ohio; trustees, John F. Donahue of Pennsylvania, William C. Rosenkrantz of New York, A. D. Mason of New Jersey, J. M. Bowes of Washington and Edwin Edwards of Michigan; supreme auditors, Charles J. Keenan of Pennsylvania, John J. Mack of Connecticut and William J. Mountain of Massachusetts.

## AUTO STRUCK TREE

Woman From Erie, Pa., Seriously Injured in Accident at Arlington Yesterday

BOSTON, Aug. 28.—Mrs. Gladys Brigham of Erie, Pa., was seriously injured last night by being thrown from an automobile, that ran into a tree at the corner of Addison and Pleasant streets, Arlington, and her companions, Miss Edith Anderson of Chestnut street, Waltham; Miss Ida Holman and her brother, Leslie A. Holman, of 164 Ash street, Waltham, were slightly injured.

Leslie Holman was driving the automobile on Pleasant street when another car driven by Frank Chamberlain of 27 River street, Cambridge, turned in from Addison street. Holman lost control of his machine, and it struck a tree and turned over, throwing out the occupants.

Mrs. Brigham was picked up unconscious. All were taken to the Symmes Arlington hospital, where Mrs. Brigham had not regained consciousness at a late hour last night.

## Twenty Robbery Cases

PROVIDENCE, Aug. 28.—Twenty cases of robbery of articles of a total value of about \$700, were reported to the police yesterday. Among the victims was Carl Hanson of 11 Mechanics street, Brockton, Mass., whose \$50 gold watch was taken.

The most troublesome case with which the police have to deal is that of the would-be roomer looking for a suitable lodging-house. One of this type engaged a room at 27 Broad street, Aug. 2, and disappeared yesterday.

After he left, Mrs. Felix Wickstrom reported that \$23.50, the property of Hilda Rosengren had been taken. Dr. Frank F. Adams of the same house said, \$20.45 was taken from his desk, while the young man was rooming at the house.

## Another Veteran Dead

NORTHAMPTON, Aug. 28.—Theodore G. Clark of Florence died at Dickinson hospital yesterday, aged 67. He was born in Canada, N. H., enlisted in Co. E, Ninth New Hampshire Volunteers, when 19 years old, and served in some of the hardest fought battles in the Civil war.

After the war Mr. Clark returned to his native town and was engaged for a short time in the mercantile business. He then went to Holyoke, and was for several years in the employ of a hydrant company, coming to Florence in 1896.

He is survived by a wife, a daughter, Miss Nellie Clark, a step-daughter, Mrs. John Higgins of Los Angeles, and a sister, Mrs. Lucy Bradbury of Sutton, Vt. He was a member of Hampshire lodge, A. O. U. W., and Kipitnick post, G. A. R. of Holyoke.

## Because of a Girl

OLDTOWN, Me., Aug. 28.—William Bonchard, 15 years old, went to a moving picture show last night and told a companion there that it was the last show he would see in this world as his girl had gone back on him and he didn't want to live any longer. He borrowed a .32-caliber revolver from a friend and going to a secluded spot on the river bank fired a shot into his heart or attempted to, and lay down to die.

A passerby heard the report and found the young man, who was taken to his home. Physicians found that the bullet had made only a flesh wound and say that he will recover.

# HEALTH OF SCHOOL CHILDREN

## Discussed by Congress on School Hygiene—Medical Inspection of Schools Important

BUFFALO, N. Y., Aug. 28.—Conservation of the health of school children today through a more careful study and treatment of their eyes under municipal or state control; the relation of malnutrition to mental defectives and the possibilities of the penny lunch in the school were among the subjects taken up by the fourth international congress on school hygiene today. There also was a symposium on child labor arranged by the national child labor committee. Leonard Ayres, director of the division of education, Russell Sage foundation, held that there was a close relation between the medical inspection of schools and the improvement of the health of working children.

# HENRY REILLY DEAD

Civil War Veteran Who Was in Sherman's March Passes Away at Lawrence

LAWRENCE, Aug. 28.—Henry Reilly, aged 72, who served in the regular army in the Civil war, died yesterday at the home of his son, Henry Reilly, Jr., 41 Concord street, whom he had been visiting. He was a native of Ireland, and of late years had been numbered among the veterans living in the National Soldiers' home, Washington.

He enlisted in Co. H, Fourth artillery, in Boston, in 1862 and participated in Gen. Sherman's march to the sea. He saw service in the battles of Shiloh, Missionary Ridge, Chickamauga and Lookout Mountain. After his discharge from the army he went to Andover and was for a number of years employed by Francis Cogswell, ex-president of the Boston & Maine railroad. He was afterward employed in North Andover. He was a member of Wilkes Post, G. A. R., of Washington and the Union Veterans' union. He is survived by four sons, George of Georgetown, James, Samuel and Henry, and a daughter, Miss Mary Reilly of Georgetown.

# Fall Season Starts

\$5.00 TROUSERS FREE

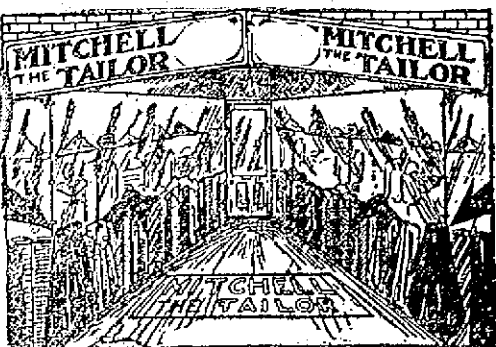

I announce for Friday and Saturday the opening of my Fall Season Sale. I am a few weeks early in doing so, but the few weeks will pass before we realize it. As my fall goods are here I may as well take orders now as later.

## TO THE PUBLIC

and you who have bought custom clothing at my first, second, third and fourth Fall Opening Sales, will remember the wonderful values I gave you. I will give you still better values at this sale—I am going to make My Fifth Fall Opening Sale the biggest clothing opportunity ever offered to the people of Lowell or New England. Remember I am not showing you light weights or counter worn goods in this sale—but a \$10,000 stock of the newest and best woollens New England Mills know how to make. Thanking you in advance for your patronage. Sincerely,

MITCHELL, the Tailor

To interest the early buyers and to induce those who would not otherwise order till later on, I shall give a pair of trousers absolutely free with Suit or Overcoat purchase Friday and Saturday.

\$2000 Doorway

The above is an exact reproduction of my new \$2000 doorway, where I will display goods under the light of day, where you can feel and handle them, and get samples. I thank the owner of the property, Mr. Harry Chalifoux, for this.

### ROCKVILLE OVERCOATINGS

They had a reputation before you ever heard of Mitchell, the Tailor. The fact that I sell them at low prices can't hurt that reputation—it only adds to mine. That's why I offer them at the price.

I invite the timid, the skeptical and doubting of all Lowell, to call at my store today and tomorrow for the surprise of their lives. I want to show you a recent purchase of 160 pieces of Rockville Coatings, in all the new creations. I have reserved one whole window for this display. The young men will crowd me on plaid backs this season. These coats are made with patch pockets, with or without belt, fly front or buttoned through, combination collar, half lined or whole lined, in fact any way a customer desires. I don't leave a loophole for myself to crawl through. I bar none. I say the finest stock of overcoatings in the city of Lowell.

## SUIT or OVERCOAT MADE TO ORDER

# \$12.50

### SPECIAL

On your left hand window, entering my store, I am displaying a purchase of 36 whole pieces of heavy weight Worsteds in browns, grays, silk mixtures, blue and black serges, 18 and 20 oz. weight, 8 styles on the fancy pencil stripe, so popular this season. In order to get these goods I had to promise the manufacturers who sold them to me, that I would not go in their way by advertising the name of the mill.

I wish I could tell you who made the goods. I wish you would take the trouble to look at them. If you are interested step inside, get samples, and man to man, I'll tell you what the goods are and where they came from. You may place your order now, with the understanding that you can get your garment in two weeks or two months, any time to suit your convenience.

## "L" MEN TELL OF ABUSE BY PUBLIC

### Arbitration Board Hears That Work Has Increased 50 Per Cent in Ten Years

BOSTON, Aug. 23.—The work of conductors and motormen has increased 50 per cent in 10 years, and the public has become more abusive, according to testimony brought before the "L" arbitration board yesterday by union witnesses. Where the conductors on an average route in 1902 collected \$13 in a day's work, he now gathers more than \$27 for the company.

Matthias J. Nesdale, business agent of the union, was the star witness for the men. He is expected to resume the stand today and continue his

testimony of the increased work of platform men today. His testimony yesterday supplied data that was added to the list of 48 exhibits to date by the union.

"Three years ago there were but 50 transfer points, and today we have checks showing 55 points," said the business agent. "We have more trouble with passengers today than ever before. There are certain rules to enforce and the passengers feel offended

when they are approached on such matters."

"For instance, the rule governing dogs on a car seems to be generally misunderstood by the public, and the conductor is showered with threats and abuse if he attempts to carry out his instructions. Passengers insist that we have short-changed them. A conductor is positive that he received five cents from a woman. She storms and insists that it was a quarter."

**1. Offical Tricks Conductor**  
"Efforts to pass old transfers keeps us on the alert. An old transfer costs the conductor five cents when his mistake is discovered in the accounting department. I know of an instance where an Elevated official passed an old transfer during the rush hour and the conductor was docked five cents for trusting the official. These tricks keep us harassed, especially when traffic is heavy."

The witness said that considerable trouble was met in securing names of people who witness an accident. They usually side against the company and refuse to give their names to the cars. Unless two or three names are secured the conductor is suspended.

Trainmaster George H. Benjamin and Chief Instructor Cyrus Ching took the stand. During the examination of Mr. Benjamin by Atty. Peeney for the union there was considerable laughter by the 300 uniformed employees who daily attend the hearings in Ford Hall. Chairman James J. Storrow sharply rebuked this conduct, intimating that the noise was interfering with the conduct of business and the board would not tolerate interruptions of that sort.

At the conclusion of the morning session General Organizer Fred Fay of the union begged permission to speak, and further reproached the men for their conduct. He said: "The board of arbitration arranged to have public hearings, so that it could listen to evidence in this controversy before anybody who wished to attend, and the board also has the right to make these sessions secret."

**Fay Rebukes Carmen**

"I feel that out of courtesy to the board and to the officials of the Elevated company, and in justice to yourselves, you should refrain from making any more demonstrations of any sort while the hearings are being conducted."

ted. I want you men to take this to heart, and I want you to inform others who may attend in the future that they must maintain silence."

It was agreed before the board that Joseph B. Eastman, for the carmen, should make a thorough examination of all books of the Elevated that deal with the pay of the employees. The union counsel indicated that he would follow up this by asking for the books dealing with the salaries of the company officials.

### HIS 56TH BIRTHDAY

Carlos E. Bohannon Honored by Samuel Hines Lodge, Knights of Pythias

About 30 members of Samuel Hines lodge, 56, K. of P., gathered at the home of P. C. Carlos E. Bohannon last night in honor of his 56th birthday. During the evening P. C. Frank W. Tinker presented Mr. Bohannon a solid gold Pythian veteran's jewel, suitably inscribed. Although taken wholly by surprise the recipient expressed his thanks for the honor conferred upon him and stated that he would always hold the jewel as a treasure. Mrs. Bohannon was presented a beautiful bouquet as an appreciation of the interest taken by her in the Hines lodge. Refreshments were served and a social hour enjoyed by all.

### H. F. KEITH BUYS

Beautiful New Million Dollar Theatre in Washington and Adds It to His Chain

BOSTON, Aug. 22.—B. F. Keith has bought the beautiful new million dollar Chase's theatre in Washington, and added it to his chain of 30 high-class vaudeville theatres in the principal cities east of Chicago.

For years it has been Mr. Keith's ambition to possess a playhouse in the national capital, but his business relations with P. B. Chase of Washington, one of his allies in the United Booking offices, prevented him from entering the city.

The new Chase theatre, which he has just bought from Mr. Chase, was opened last August, and cost over one million dollars. It is on 15th and E streets, opposite the United States treasury,

within a block of the White House and is the only theatre in the capital devoted to high class vaudeville. It is one of the finest theatres in the country, and is on a par with Mr. Keith's beautiful playhouses in Boston, Philadelphia and New York city.

Chase's theatre will be devoted to the famous B. F. Keith brand of vaudeville.

### AMUSEMENT NOTES

#### Theatre Voyons

The second of the "Who Will Marry Mary" series of story pictures is shown at the Theatre Voyons today and with Mary Fuller in the leading role. It proves a big attraction. This series is one of the most successful ever placed on the screen and each is more interesting than its predecessor. "Two Men of the Desert" a biography, has a most dramatic climax and its story of mother love is one that touches every heart.

#### Lakeview Park

The free attractions at Lakeview are still wonderfully popular. Hundreds avail themselves of the opportunity to get out into the country, and, at the same time see something which will lift themselves from the level of monotony. This week, on the open air platform, Martin and Ganett, a pair of real acrobatic comedians, are giving their funny "Happy Holligan" and "Gloomy Gus" act. The change of motion pictures took place yesterday, a brace of new subjects having been brought forward.

On Sept. 3, Dr. John C. Bowker, the noted platform lecturer and speaker, will appear to talk of Mexico, during afternoon and on the Fashion Play in the evening. There will be an admission of 15 and 25 cents. Special band concerts are slated for the park on Sunday afternoon and evening.

#### H. F. Keith Theatre

Snap—ginger—color—music, these are the big points of the bill at the B. F. Keith theatre, this week, and everybody is seeing it. The perfect balance of the bill is one of its strongest points. "From Coney Island to the North Pole," a musical arrangement in three acts, is most satisfactory. The comedy and the pretty girls add just the requisite paprika to the bill. Jennings and Wilson, blackface comedians; that Versatile Trio, male singers; Flo and Arilla Walters, singers and dancers; the Brambles, instrumentalists; "The Toll Bridge," a pretty comedy; Rio and Norman, Roman ring performers, and the Faiths weekly film are the other good things on this bill. Next week Tom Nawn, a great favorite, will appear in his brightest sketch, "The College Coach." Good seats may

be obtained for all performances. Box office telephone number 25.

#### Merrimack Square Theatre Players

The last four performances of Geo. M. Cohan's great comedy, "Get-Rich-Quick Wallingford," are being given by The Merrimack Square theatre players today and tomorrow and those who have not witnessed it should do so before it's too late. For an afternoon or evening's undisturbed pleasure, this week's presentation beats anything. The players have yet offered.

Beginning with a matinee next Monday afternoon the presentation will be Augustus Thomas' great western bill, "Arizona," described as the greatest American play ever written. This play Miss Grace Young has appeared in over seven solid months on the road and has been cast in her original role. A complete scenic production is being built, giving it the proper setting and patrons will no doubt take much pleasure in this excellent offering the coming week. As usual the latest motion picture plays will be shown. Seats one week in advance. Reserved tickets ready for Labor day now. Phone 2953.

## THE MEXICAN MESSAGE

The message of President Wilson on the Mexican situation has cleared the air and convinced the Huerta regime that there will be no recognition by this country until the Mexican government shall have been ordered by a properly conducted election by the people.

The president's policy of strict neutrality between the opposing parties in Mexico cannot be construed as unfair although it is a severe rebuke to Huerta to find that he is placed on the same level as the various factions opposed to his dictatorial assumption of power.

The Mexican character will find themselves severely handicapped by the new policy proclaimed by President Wilson, forbidding the export of arms or other munitions of war from this country.

Although the president has plainly and emphatically stated that there will be no armed intervention at present, yet the appeal to Americans to leave Mexico and the warning that the rights of Americans must be protected, seems to convey the implication that if these injunctions by the president are not strictly obeyed by Mexicans, there will be intervention. This has caused a feeling of consternation in Mexico and it will go far to bring the de facto government to a realising sense of its great responsibility.

In this light the attitude taken by President Wilson must have a powerful effect in convincing Huerta and his followers of the futility and danger of continuing to act as outlaws upon Americans in Mexico, or in continuing to seek recognition at the hands of our government. The Americans in Mexico are alarmed because they feel that in the president's appeal to them to leave the country, there is a warning of serious steps to follow. They are leaving, many of them at considerable financial loss; but they feel that their lives are in danger as they certainly would be if our government should adopt a policy of armed intervention.

The president's message has already had a good effect in showing the Mexicans that this country after exhausting its friendly and diplomatic offices in the interests of peace, order and stable government, has now come to a decision to adopt a sterner policy towards Mexico and one that will protect Americans and convince the warring factions that none of them can rely upon assistance from this country in their efforts to snatch the reins of government by the force of might attended with treachery and atrocities that would disgrace any nation claiming to be civilized. The spirit of Medoro is still abroad and the dark crime by which he was treacherously murdered will be held against the Huerta dictators until they are swept from power.

## THE INDUSTRIAL SCHOOL

All next week, with the exception of Labor day, Principal Fisher's office in the old Mann school building of the Lowell Industrial school, will be open for registration and consultation. Hundreds of boys and girls have already signified their intention of attending the various classes of the coming year, but undoubtedly there are many who have not had the matter brought to their attention in its true light. The Lowell Industrial school is a boon to parents who wish their children to work without entirely giving up their studies. Its pupils are taught the practical things that will fit them for positions of trust and responsibility; but their academic training is not neglected. Boys and girls are prepared to go out in a year or two, and apply for positions without being compelled to confess their entire ignorance of what they aspire to. They are trained workers when they graduate and instead of looking for positions without experience, the training they receive will stand as a recommendation.

Those who were fortunate in seeing the work of the various departments of the industrial school last season can testify to the excellence of the training given. In the machine shop, carpentry shop, automobile department as in the dressmaking and millinery departments boys and girls went about their work as seriously engaged as though they were really engaged in their various pursuits in the commercial world. They were being benefited more than they understood, and they were becoming more useful members of the community. The industrial school deserves to have large and enthusiastic classes for the coming season, and there are hundreds of young people in this city who have never thought of the opportunities they are losing by not attending this school. They should call on Principal Fisher at his office next week and if they do not care to do so their parents should do it for them.

## RESINOL STOPS BABY'S ECZEMA

Relieves Itching Instantly and Soon Clears Away All Eruption

There would be fewer babies tortured and disfigured by eczema, fewer mothers worn out by constant worry and loss of sleep, and fewer lives made miserable by skin troubles that have persisted since infancy, if every woman only knew about Resinol Ointment and Resinol Soap.

Simple baths with Resinol Soap and a little Resinol Ointment spread on the tortured skin, stop the itching instantly, and quickly and permanently clear away the eruption. And the Resinol treatment is so pure, gentle and absolutely harmless, that it can be used with perfect safety on baby's tender skin.

Doctors have prescribed Resinol regularly for eighteen years, and thousands of babies owe their skin health to it. Every druggist sells Resinol Ointment and Resinol Soap. Trial free; Dept. 13-P, Resinol, Baltimore, Md.

## Seen and Heard

Up in Bristol, R. I., where great yachts that have so long defended the cup have been built, they tell a story about the blind man, Herrschoff, who has designed so many of these boats.

He was examining an old mahogany table of beautiful and sturdy construction, his hands carefully over the upper surface and underneath. When he had finished "looking" at the table he said:

"Humph. I didn't know they had circular saws back in 1790."

A Denver capitalist said bitterly, apropos of a dishonest liquidation wherein he had been caught:

"There are pessimists who say that marriage is a failure; but between a marriage and a failure there's this difference: In a marriage the wife takes the husband's name, while in a failure the husband takes the wife's name."—New York Tribune.

## MILITANT SUFFRAGETTE

It is alleged that Mrs. Pankhurst calls a truce on the militant tactics of the suffragettes. That is a sign that she is recovering her lost reason. No sane woman can fall to understand that the resort to violence as carried out in England has injured the movement and delayed its progress. The English people will never grant woman suffrage under such attempts at coercion. The militant suffragettes are fast demonstrating that they are not fitted to exercise the franchise. Suppose they had the right to vote and adopted the same line of action in order to carry their point in an election, in favor of some particular candidate or policy, what a state of affairs would result. These British suffragettes have disgraced themselves and have caused not only the British government but others to dread the hysterical, spasmodic woman clothed with the right to vote. The American suffragette has maintained her dignity and hence is not to be feared, but if she acted like a maniac, resorted to all sorts of violence, nobody would want to see her granted the right to vote. Her influence could not fail to be a menace.

## THE HOSPITAL SITE

Before asking the state board of health for an opinion as to whether it would approve the location of a tuberculosis hospital on the driven well land, the municipal board might have readily anticipated the answer. Why did not the board ask whether the Chelmsford street land already owned by the city would be acceptable as a site? Many of our citizens are of the opinion that there is no need of buying a site while the city has available land on the city farm at Chelmsford street, where a hospital could be built without interfering with the present institution or the rights of private property.

Should this disapproval by the state board be made; the pretext for the purchase of a certain site, the aldermen will find considerable difficulty in explaining the matter to the satisfaction of the people.

## FOR SAFER STREETS

To be safer, Lowell streets should be wider; but while they remain as they are, it behooves the drivers of all kinds of vehicles to observe the traffic regulations. For the public safety the police are on the alert to see that neither vehicles nor pedestrians will meet in head-on collisions on turning corners. In Waltham the other day two bad collisions resulted from turning corners sharply. Drivers should take the advice on the little traffic marker on the leading squares of our city: "Keep to the right—Go slow."

## FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles, and giving clear, beautiful complexion that it is sold by druggists under an absolute guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

# FOR LABOR DAY CELEBRATION

## Arrangements for an Elaborate Observance — Parade in Morning—Sports in Afternoon

All is now in readiness for the grand Labor day celebration which will be held in this city under the auspices of the various labor unions. The affair, if plans are carried out as arranged, will be the most elaborate and successful ever conducted in this city. The committee in charge of the arrangements, which is composed of husters representing about every union craft in Lowell, have spared neither time nor money to make the celebration the best ever. The entire day and evening will be taken up, and it is believed several thousand people from nearby cities will take advantage of the grand observance to come to Lowell.

Features of the day will be the parade which will be held in the forenoon and in which it is expected several thousand workmen will appear in line. In the afternoon an elaborate list of sports will be carried out, while the evening will be taken up with a mass meeting, concert and speeches on the common.

## The Route

The parade will start at 9.30 o'clock sharp and the following streets will be covered:

From Central to Middlesex, to Thorndike to Fletcher, to Adams, to Cabot to Merrimack, to the city hall by members of the city government, to Bridge, to Sixth, to Central, to Middlesex, to South common, to review by Chief Marshal Warnock and staff of the city.

The first division of the parade will form on Middle street, right resting on Central. The second division will form on Market street, right resting on Central. The third division will form on Jackson street, the right resting on Central.

## The Afternoon Sports

The afternoon program is an excellent one in every respect and the prizes which are as follows are worth trying for:

Baseball game, prize \$25; tug-of-war, for unions participating in parade only, first prize \$15, second prize \$10; 100 yards dash, open, first \$3, second \$2; one mile run, amateurs, first prize valued at \$3, second prize valued at \$3; 100 yards dash, ladies, first prize \$3, second \$2; half mile run for local union men, first \$5, second \$3; running broad jump, for local union men, first \$3, second \$2; three standing jumps, open, first \$3, second \$2; hobble race, ladies, first \$3, second \$2.

In order that there be no protest from any contestant, the following rules have been adopted by the committee and will be put in force:

If less than three teams enter in the tug-of-war, only the first prize will be awarded. Only unions that have participated in the parade are eligible to enter this contest.

If less than three contestants enter any of the races, only the first prize will be awarded. In case of only one entry, the race will be declared off.

Only union men that have participated in the parade are eligible to enter any of the contests for union men.

In the evening a mass meeting will be held on the South common during which a concert will be given by the Lowell Military band; this to be followed by speeches by prominent union men from all over the state.

The various committees in charge of the arrangements are composed as follows:

Trades and labor council, Timothy F. Bourke, Bottlers' union, chairman; Frank Warnock, Plasterers' union, vice-chairman; Charles E. Anderson, Molders' union, secretary; John J. Mahoney, Typographical union, assistant secretary; Annie Odel, Cotton Weavers' union, treasurer; James McMahon, Brewery Teamsters' union; Carl Erlebach, Inside Brewery Workers' union; Joseph F. BRIDGEPORT, Conn., Aug. 29.—Commander-in-chief Alfred B. Boers of the Grand Army of the republic in orders issued today, calls the attention of comrades to the arrangements by the Chattanooga Encampment association to provide accommodations on application of comrades and members of the auxiliary and allied organizations at the national encampment.

National headquarters in this city will be changed to Hotel Patton, Chattanooga, on Sept. 12. The parade of the Grand Army will take place at 10 o'clock Sept. 10. All staff aides, aides de camp and national officers are to report to the commander-in-chief at 8.30 a. m. Sept. 7. The first business session of the national encampment will open at ten o'clock Sept. 15.

## No man is Stronger Than his Stomach

Let the greatest athlete have dyspepsia and his strength will soon fail. One's stamina—forcefulness and strength of mind or muscle depend upon the blood, and the blood in turn, requires a healthy stomach, for the stomach is the laboratory where the food is digested and such elements are taken up—or assimilated—which make blood. In consequence all the organs of the body, such as heart, lungs, liver and kidneys, as well as the nervous system, feel the bad effect if the stomach is deranged.

**Dr. Pierce's Golden Medical Discovery**

helps the stomach to digest food properly, starts the liver into new activity, removing the poisons from the blood, and the various organs get rich, red blood, instead of being ill-nourished. The refreshing influence of this extract of native medicinal plants has been favorably known for over 40 years. Everywhere some neighbor can tell you of the good it has done.

Sold by all medicine dealers in liquid or tablet form or sent direct to Dr. J. C. Pierce, 255 Central Ave., Buffalo, N.Y., and a trial box will be mailed you.

## GOING FAMILY

Ninety Members Assemble at Wilmington—Mrs. Eva G. Ripley Re-elected President

WILMINGTON, Aug. 29.—Ninety members of the Gowing Family association gathered yesterday and observed the 25th anniversary of the society. Among the enthusiastic descendants of the immigrant ancestor, Robert Gowing, who came from Scotland in 1634, was Miss Martha Gowing of Syracuse, N. Y.

Dinner was served at 1, after which there was dancing in the pavilion. At the business session at 3, Mrs. Eva Gowing Ripley of Wakefield, the president, voiced a welcome.

The officers elected were Mrs. Eva Gowing Ripley, Wakefield, president; Edward M. Carter, Somerville, and Louis D. Gowing, Woburn, vice-presidents; Miss Carrie M. Swain, Wilmington, secretary-treasurer; Winfield S. Ripley, Jr., of Wakefield, Eugene A. Carter of Somerville, Miss Olivia Norcross of Wilmington, Mrs. Sarah Gowing Bedell of Wilmington and Louis D. Gowing of Woburn, executive committee.

The president advocated the placing of a suitable memorial on the estate in Lyndfield, where Robert Gowing settled. The proposition met with general approval, and a committee, comprising Dr. Fred Gowing of Woburn, Miss Clara Carter of Woburn and Miss Carrie M. Swain of Wilmington, was named to consider the question.

During the afternoon Miss Pauline Lamontaux of Wilmington and Miss Clara Carter of Woburn contributed to an entertainment.

Boers of the Grand Army of the republic in orders issued today, calls the attention of comrades to the arrangements by the Chattanooga Encampment association to provide accommodations on application of comrades and members of the auxiliary and allied organizations at the national encampment.

National headquarters in this city will be changed to Hotel Patton, Chattanooga, on Sept. 12. The parade of the Grand Army will take place at 10 o'clock Sept. 10. All staff aides, aides de camp and national officers are to report to the commander-in-chief at 8.30 a. m. Sept. 7. The first business session of the national encampment will open at ten o'clock Sept. 15.

## No man is Stronger Than his Stomach

Let the greatest athlete have dyspepsia and his strength will soon fail. One's stamina—forcefulness and strength of mind or muscle depend upon the blood, and the blood in turn, requires a healthy stomach, for the stomach is the laboratory where the food is digested and such elements are taken up—or assimilated—which make blood. In consequence all the organs of the body, such as heart, lungs, liver and kidneys, as well as the nervous system, feel the bad effect if the stomach is deranged.

**Dr. Pierce's Golden Medical Discovery**

helps the stomach to digest food properly, starts the liver into new activity, removing the poisons from the blood, and the various organs get rich, red blood, instead of being ill-nourished. The refreshing influence of this extract of native medicinal plants has been favorably known for over 40 years. Everywhere some neighbor can tell you of the good it has done.

Sold by all medicine dealers in liquid or tablet form or sent direct to Dr. J. C. Pierce, 255 Central Ave., Buffalo, N.Y., and a trial box will be mailed you.

## GOING FAMILY

Ninety Members Assemble at Wilmington—Mrs. Eva G. Ripley Re-elected President

WILMINGTON, Aug. 29.—Ninety members of the Gowing Family association gathered yesterday and observed the 25th anniversary of the society. Among the enthusiastic descendants of the immigrant ancestor, Robert Gowing, who came from Scotland in 1634, was Miss Martha Gowing of Syracuse, N. Y.

Dinner was served at 1, after which there was dancing in the pavilion. At the business session at 3, Mrs. Eva Gowing Ripley of Wakefield, the president, voiced a welcome.

The officers elected were Mrs. Eva Gowing Ripley, Wakefield, president; Edward M. Carter, Somerville, and Louis D. Gowing, Woburn, vice-presidents; Miss Carrie M. Swain, Wilmington, secretary-treasurer; Winfield S. Ripley, Jr., of Wakefield, Eugene A. Carter of Somerville, Miss Olivia Norcross of Wilmington, Mrs. Sarah Gowing Bedell of Wilmington and Louis D. Gowing of Woburn, executive committee.

The president advocated the placing of a suitable memorial on the estate in Lyndfield, where Robert Gowing settled. The proposition met with general approval, and a committee, comprising Dr. Fred Gowing of Woburn, Miss Clara Carter of Woburn and Miss Carrie M. Swain of Wilmington, was named to consider the question.

During the afternoon Miss Pauline Lamontaux of Wilmington and Miss Clara Carter of Woburn contributed to an entertainment.

Autos Owned by Fred E. Smith and Dr. S. A. Nicholson Damaged on Merrimack Street

HAVERHILL, Aug. 29.—The forward mudguard was demolished, a forward wheel broken, the forward axle twisted and the front of the body of the car dented last evening when auto No. 19232, owned by Fred E. Smith of Newburyport and operated by Albert Emerson, a chauffeur, was run into by a machine owned and driven by Dr. S. A. Nicholson of this city.

The accident happened on Merrimack street just as Dr. Nicholson was driving out from How street. Mr. Emerson was accompanied by his brother,

Hervy A. Emerson, and three women, and was going along Merrimack street at a slow speed.

The front part of the Nicholson auto was damaged.

## THE NEW YORK SENATE

Formally Accepts Glynn  
as State ChiefSULZER'S FRIEND DENOUNCED IN  
ALBANY HOUSESCharges Made of Bribery and Per-  
jury—Yesterday's Proceedings Were  
Quite LivelyALBANY, N. Y., Aug. 28.—Formal  
recognition of Lieut. Gov. Martin H.  
Glynn as acting governor, pending the  
issue of the impeachment proceedings  
against Gov. Sulzer, was completed by  
the legislature yesterday, when the  
senate accepted three messages sent in  
by Mr. Glynn last night.The day's proceedings in both houses  
were characterized by sharp denunciation  
of Gov. Sulzer's close friend,  
Judge Lynn J. Arnold, who is seeking  
to procure indictments for felony  
against Senator Robert F. Wagner,  
majority leader, Senator James J.  
Frawley, chairman of the committee  
which laid the foundations for the im-  
peachment and Speaker Alfred E.  
Smith and majority leader Aaron J.  
Levy of the assembly.

## Bribery Charged

Levy was charged by Judge Arnold,  
through his newspaper, with receiving  
a \$1000 bribe from ex-State Engineer  
Elihu F. Frawley for influencing legisla-  
tion. Senator Wagner also was charged  
with bribery and other offenses, while Sen-  
ator Frawley and Speaker Smith were  
accused of perjury in falsely certifying  
to a quorum.The men implicated declared their in-  
tention of seeking redress through civil  
and criminal actions. A sensation was  
created by the remarks of Senator  
Frawley, which were construed as a  
threat to chastise his accuser person-  
ally.A concurrent resolution was passed  
clothing the sergeant-at-arms with  
power to arrest Louis A. Sarecky,  
formerly Gov. Sulzer's confidential man,  
and Frederick L. Colwell, said to have  
been associated with Mr. Sulzer in  
Wall Street transactions.

The assembly judiciary committee

wrangled intermittently during the  
day over an effort to bring to book  
James C. Harrison, accused of having  
stated that money was used to influ-  
ence votes in adopting the resolution  
impeaching Gov. Sulzer. The effort  
ended in a fiasco, the committee ad-  
journing without having accomplished  
anything beyond the appointment of a  
subcommittee to take the matter in  
hand.

## Hitch on Legislation

The plans of the democratic leaders  
to put through at yesterday's session  
the several financial measures recom-  
mended by Acting Gov. Glynn went  
awry after repeated failure to scrape  
together the three-fifths attendance of  
each house necessary to pass appro-  
priation bills.The leaders finally were compelled  
to defer the matter to the next meet-  
ing of the legislature, which by a con-  
current resolution was fixed at Sept.  
17, the day before the convening of the  
impeachment court.Special Interest Attached to the At-  
titude of Senator Sage of Albany Countywho is regarded as state republican  
leader. Barnes' spokesman in the sen-  
ate for the reason that it favored Act-  
ing Gov. Glynn, and was diametrically  
opposed to the stand taken by republi-  
can leader Hinman, who is supposed to  
reflect usually Mr. Barnes' views in the  
assembly. This attitude, instead of  
the pro-Sulzer stand taken by Assem-  
blyman Hinman, is generally under-  
stood to agree with that of Barnes.

## TWENTIETH CENTURY MIRACLE AT ST. CLAIR, PA.

POTTSVILLE, Pa., Aug. 20.—A remarkable case of the resuscitation  
of the apparently dead by the use of a pulmotor is reported from St.  
Clair. Joseph Mango, a minor, employed in a colliery of the Reading rail-  
way, ran into a pocket of mine gas and when found by his companions  
life was apparently extinct. Although the case seemed hopeless three  
members of the first aid corps rushed for the pulmotor with which all  
mines are provided and began the work of resuscitation.The body was first wrapped in seven blankets to retain any heat that  
might remain and the machine for producing artificial respiration was  
operated vigorously. As they worked the men shouted loudly into the  
ears of the patient to breathe and finally they were rejoiced to observe  
signs of life. Keeping up the work of pumping pure oxygen into the lungs  
of the man they had him breathing freely at the end of an hour and  
a half. Mango is at his home still very ill but physicians say he will  
recover.

## STEAMSHIP LUSITANIA

Bearing Viscount Hal-  
dane Due in New YorkNEW YORK, Aug. 28.—The steamship  
Lusitania, bearing Viscount Haldane,  
the first lord high chancellor of Great  
Britain, to leave his country for 400  
years, was expected to dock here this  
afternoon. A reception committee con-  
sisting of representatives of the United-  
States government and of the Ameri-  
can Bar association whose guest he  
will be during a five days' visit in this  
country, and Canada planned to meet  
the distinguished visitor at the pier  
and welcome him to the United States.  
After a reception aboard the ship  
Lord Haldane and his party, which in-  
cludes Sir Kenneth Muir-Mackenzie,  
clerk of the crown and Mrs. Elizabeth  
Haldane, the chancellor's sister, were  
to be escorted to the Hotel Plaza, where  
he was to receive newspaper men and  
accord the first interview he has given  
to the press since election to his  
high office.A sightseeing tour of New York this  
afternoon was the first event of the  
visit. The chancellor is expected to  
remain here until the 31st. Tonight he  
will be the guest at a dinner  
given by G. A. Severance of St.  
Paul, a member of the American Bar  
association. Tomorrow J. P. Morgan's  
yacht Corsair will take him to West  
Point, where he will review the cadets.

## A LIVELY RUNAWAY

On Merrimack Street  
Stopped by ManA lively runaway occurred on Merri-  
mack street about 3 o'clock this morn-  
ing when a horse owned by the Loose-  
Wiles Blauvelt company and drawing  
a heavy wagon became frightened  
near the corner of Dutton and Merri-  
mack streets and crashed into a fruit  
team and continued on its way until  
stopped by a young man named Wil-  
liam McLean, employed by the Boh  
Marche company.It is said that a part of the harness  
became loose and struck against the  
horse while he was being driven downMerrimack street. This, together with  
the noise of an engine that was pass-  
ing near Dutton street at the time,  
frightened the animal, which started  
down Merrimack street at a rapid  
gait. The driver after trying without  
success to stop the horse climbed over  
the seat and made his exit from the  
rear end of the wagon. In jumping to  
the ground he fell but was not injured  
and was able to give chase to the  
horse. When near the corner of Palm-  
er and Merrimack streets the wagon  
struck a fruit team that was halted  
there, damaging a part of the biscuit  
team. The horse was stopped by Wil-  
liam McLean.

## HEALTH BOARD MEETING

Outlet of Aiken St. Sewer  
a MenaceThe board of health held a special  
meeting this morning in relation to  
the Aiken street sewer outlet, which is  
a menace to public health. The most  
vital point was to come to some un-  
derstanding as to what should be done  
with the outlet, which since the dredg-  
ing of the river bed at Hunts falls, has  
been uncovered, exposing a very nasty  
mass of sewage. However, the mat-  
ter was soon to a close when Mr. Drury  
announced that Commissioner Donnel-  
ly was to start work on the extension  
of the outlet sometime this week.The meeting was presided over by  
Dr. Brunelle, and the matter of extend-  
ing the outlet was discussed at length.  
Mr. Drury said he was told by Commis-  
sioner Donnelly that work on the ex-  
tension of the outlet will be started  
sometime this week or within ten  
days. Mr. Drury said he wished the  
pipe to be extended below the basin of  
water in the rear of the Lawrence  
Mfg. Co. so that no back wash of sew-  
age will occur.Agent Bates said when the river was  
dredged at Hunts falls the sewer out-  
lets from the Central bridge to the  
Beaver brook were left uncovered  
which was a menace to public health  
and a detriment to the city.As a matter of fact the state board  
of health in its report relating to the  
condition of the Merrimack and Con-  
cord rivers, recommended the exten-  
sion of the West, Columbia, Fulton and  
Aiken streets sewer outlets, but it is  
understood that at that time the city  
engineers had already made plans for  
the said extensions. The Aiken street  
outlet, it is said, was the worst in that  
locality.

## BROOKS BROS., 65 Central Street

We want to show you folks from Missouri, Lowell, just why we have opened a store in this city. We want to make you acquainted with our system of custom tailoring which has made us famous.

Coming here before you as strangers, we realize that only by obtaining your absolute confidence can we hope to make this, our 3rd store, as big a success as we want it to be, and we realize also that your confidence will only be given after we have proven ourselves in every possible manner. So here is our story. Weigh it and give us your verdict.

At 172 Washington street, Boston, we now have in operation one of the finest wholesale tailoring stores in New England, catering to merchant tailors only. Our reputation must be built by merit and merit alone. The reason for our positive success rests in the fact that we have employed the most efficient designers and cutters that money can buy. S. H. Belson, late of Belson & Co., Tailors, of Baltimore, Md., will be in charge of our cutting department in Lowell. He is undoubtedly the highest priced cutter in this city today, and with such a man at the helm there is no doubt that we will build up the largest single tailoring business in Lowell.

Naturally we want to get as good a start as possible, and to get it we are going to ask your help—for a consideration. We are "twenty-five dollar tailors" and have always maintained the price heretofore. But as an opening offer we place our stock of 1913 fall and winter suitings and overcoatings, absolutely \$25 and \$30 values, on sale to get acquainted, at a price never before heard of. Come in and be measured and the price for a suit or overcoat will be

## LOWELL WINS DOUBLE HEADER

Brockton Beaten in Both Games

Aubrey, Halstein, McMahon  
and Dowd the Stars

Lowell won both games of yesterday's double-header with Brockton by superior stickwork and better box performance. Maybom and Fineran faced the visitors in the first and Henderson was on the firing line in the second game. All three pitched good ball. Fineran was sent into the first contest in the sixth inning on account of a wild spasm Maybom developed in the previous session.

The Lowell team continued their hitting streak of the past ten days and nothing could stop their slugging. Swapp and Chaney both twirled a good game. The second contest only went seven innings.

Dowd and McMahon played a great game for the Shoreline, both in the field and with the war club. Brignolia also slammed the ball over the left field fence for a home run. Halstein, Aubrey and Magee starred for the local team.

Maloney was thrown out at first in the opening inning after Thomas had muffed his hit. Dowd singled over third and took second on McMahon's out. Brignolia was out when he grounded to Dee.

Clemens was thrown out on a nice play by Dowd. Miller fled out to Maloney and Thomas faded.

Score: Lowell 5, Brockton 0. Brockton failed to score in the second. Aubrey threw out Kennedy. Dee performed a like operation of McGill. Tesch fled out to Dee.

Magee walked and took second when Halstein grounded out to Dowd. Swapp and Dowd both tried to get under DeGroff's infield fly, but failed and Magee went to third. Aubrey scored Magee with a beautiful sacrifice. Dee struck out.

Score: Lowell 1, Brockton 0. Brockton looked dangerous in the third but was retired without a run. Daum went out, Dee to Halstein. Swapp walked and went to second when Maloney's grounder went through Dee. Dowd hit in front of the plate and Thomas' throw forced Swapp at third. McMahon fled out to Clemens.

Lowell saved up the game in the last half. Maybom walked and went to second on Clemens' single. Swapp filled the bases when he hit Miller. Thomas scored Maybom and Clemens with a single to short left. Miller went to third and Thomas to second on the throw in. Magee scored them both with a single to left-center. Halstein then singled to left. Clemens going to third. DeGroff singled to center, scoring Magee and sending Halstein to third. DeGroff started for second when Daum threw to Tesch, stole the base and Halstein scored. Aubrey singled and scored DeGroff. Dee popped out to Dowd. Aubrey was thrown out trying to steal second. Maybom fouled to Daum.

Score: Lowell 5, Brockton 0. Brignolia started the fourth by hitting the ball over the left field fence for a home run. Kennedy was thrown out. McGill struck out and Maybom three out Tesch.

Clemens was out when Dowd stabbed his hard grounder and threw to first. Miller reached first on an error by Kennedy, but went out trying to steal second. Thomas was hit but was forced at second when Magee hit to Tesch.

Score: Lowell 5, Brockton 1. Brockton scored another in the fifth. After Daum fled out to Magee, Swapp singled to center. Maloney walked. Dowd singled to left scoring Swapp and went to second on the throw. McMahon fled out to Clemens and Brignolia was thrown out on his grounder to Maybom.

Halstein ripped a single to center but was caught off by DeGroff. Swapp was thrown out on a wonderful one-hand stop by McMahon. Aubrey beat out a hard-hit ball to Swapp, but Dee fled out to McMahon.

Score: Lowell 5, Brockton 2. Fineran replaced Maybom in the sixth. DeGroff dropped Kennedy's fly and Kennedy was forced at second. Miller threw to the first base bleachers when he tried to get McGill at first. Fine backing up by Thomas enabled him to throw out McGill at second. Tesch struck out.

Clemens walked. Maloney caught Miller's fly at the left field fence. Maloney made another star catch when he pulled down Thomas' fly which went to the fence.

Score: Lowell 5, Brockton 2. Dee was banished from the game for talking back to Umpire White. Magee singled to left and then stole second. Halstein was thrown out at first by

McMahon. DeGroff doubled to right, scoring Magee. Aubrey fled out. Fineran, who replaced Dee at third, struck out.

Score: Lowell 5, Brockton 2. Brockton scored one in the eighth. Dowd's liner was easy for Halstein. McMahon doubled to right. Brignolia singled to right, placing McMahon on third. Kennedy singled to left, scoring McMahon. McGill struck out. Tesch walked. Daum was thrown out at first by Fineran.

Fineran fled out to Maloney. Clemens fouled to Daum. Miller was thrown out by McMahon.

Score: Lowell 5, Brockton 3. Ruhanje batted for Swapp and grounded out. Magee caught Maloney's fly to deep left. Dowd doubled. McMahon fled out to Halstein.

Score: Lowell 5, Brockton 3. The score:

## THE SECOND GAME

Maloney started the second contest with a high fly which hovered over the pitcher's box. Henderson misjudged the ball and Maloney reached first. Dowd fled out to Magee. McMahon put one for Miller and Brignolia closed the inning.

Clemens took his base when he drew a bad quarter and took second on Miller's infield out. Daly grounded to Chaney and Clemens was forced to third. Magee fled out to McGill.

Score: Lowell 5, Brockton 0. Kennedy fled out to Dee. Halstein fielded McGill's grounder and Henderson covered the bag and made the put-out. Tesch went out on his ground ball to Dee.

Lowell started the scoring in the second. Halstein singled to left and DeGroff scored him with a trip to deep left center. DeGroff also scored when Dowd, who took the throw-in, made a wild peg to McMahon. Aubrey fanned. Dee fled out to Brignolia and Henderson was out at second when he tried to steal after being passed.

Score: Lowell 2, Brockton 0. The visitors brought in their only tally in the third. With two gone, Maloney batted a double into center and Dowd followed with a smash to left which netted him three sacks. McMahon left him there when he hit to Dee.

Two more came across for Manager Gray's boys in the last half of this inning. Errors were responsible for both scores. Clemens grounder got away from Tesch. Miller singled to right and Clemens took third. Miller then stole second. Daly laid down a perfect sacrifice and Clemens tore across the plate. Miller went to third on the play. Miller came home when Magee hit to Tesch. The latter made a beautiful throw to Rufange, but the catcher dropped the ball when Miller slid into the plate. Magee was forced when Halstein hit to Tesch and Dowd snapped the ball to first for a double.

Score: Lowell 4, Brockton 1. Lowell grabbed her last two runs in the sixth. Daly reached a hit through Chaney, but died on the way to second. Magee rapped out a baser to center and went to third when Halstein singled to right. Halstein took second on the throw-in and Aubrey scored Magee with a bingle to short center. Halstein allowed himself to be doubled between first and second and

Dee was banished from the game for talking back to Umpire White. Magee singled to left and then stole second. Halstein was thrown out at first by

R. C. WATSON AND J. M. WARD NOTED  
GOLFERS IN AMATEUR CHAMPIONSHIP

PHOTOS BY AMERICAN PRESS ASSOCIATION

GARDEN CITY, N. Y., Aug. 22.—

Two interesting figures in the gold world who were entered for the amateur golf championship of the United States Sept. 1-6, were Robert C. Watson, president of the United States Golf association, and John M. Ward, formerly the famous baseball player.

There is no better known player and golf enthusiast in the country than Mr. Watson. Judging from his past performances, it was considered more than likely that he would finish well with the leaders in the championship tournament. Old baseball fans

will remember about Mr. Ward, how he was once the crack shortstop of the New York Giants and captained the team. Since he has given up baseball Mr. Ward has become an expert golfer, and his friends say that he can wield the golf club as effectively as he once could the baseball bat.

Halstein scored before he was put out. Final score: Lowell 5, Brockton 1. (Second game.)

## CHICAGO CLUB TROPHY FOOTBALL GAME OFF

Was Begun at Elgin, Ill.,  
This Morning  
Army and Navy Will Not  
Play This Year

ELGIN, Ill., Aug. 29.—With the roar of his engine driven by the cheers of thousands of spectators, Joe Dawson, driving a Delta car, shot past the grand stand this morning and the annual 302 miles race for the Chicago Automobile club trophy was on. The blur of dust he left in his wake had not cleared before the first of seven pursuing cars, released for the final mile of half a minute, went scotching by.

The other entries in the order of their appearance were: Mercer, Ed Pullen. Mason, Ed Rickenbacher. Mercer, G. W. Shart. Mason, William Chandler. Nyberg, Harry Endicott. Mason, Ralph Mulford. Mason, C. Lusser.

Speed enthusiasts expect the record for the course, 65 miles an hour, at such a rate and at such a cost, great. The course measures eight miles and 292 feet, and the drivers were to cover it 33 times.

Wishart attained a speed of 72 miles an hour in practice, but the consistent showing made by Dawson in the trial spins and his advantage in the start, made him a favorite with the crowd. Militiamen with fixed bayonets, who guarded the course for its entire length kept the eager ones inside the palings.

At the end of 67 miles the leaders, class together, were: First, G. W. Shart, second, Rickenbacher, third, Dawson.

The others were trailing. At 75 miles De Palma was first and Dawson second.

WEST POINT, N. Y., Aug. 25.—The Army and Navy game, one of the classics of the football season, will not be played this year. This was made very plain yesterday when the army athletic council, which governs all athletic contests of the cadets, gave out a statement covering the army's grievances in the controversy with the naval authorities over the site of the game, which had been scheduled for Nov. 22. The army people are firm in their decision and have already made a contract with Glen Warner's Carlisle Indians for a game which is to be played here on the Saturday following Thanksgiving, the date originally set for the navy game.

The statement given out by the athletic committee was as follows:

"The army athletic council regrets to state that after making every effort it has been unable to agree with the naval athletic council upon the location for this year's football game between the army and naval academies. While the army council gratefully appreciates the fact that the University of Pennsylvania has extended itself the limit in providing accommodations, the demands made upon the army athletic council have been growing at such a rate and at such a cost, great, that they have assumed such proportions that make the playing of the game upon Franklin field impossible from an army point of view. In search for a location where the accommodations would be ample from every standpoint, and where the army could assume the aspect of a truly national event, the army suggested the Polo grounds in New York, West Point and Annapolis. The naval authorities failed to agree to play at any of these places."

Thomas caught a nice game and used his club to good advantage. Daly's work also could not be much improved. It is a significant fact that not a Brockton player stole a base off Lowell's two backstops.

Henderson's dope ball was untouchable yesterday and Fineran had his opponents breaking their backs after his curve. Maybom also had a lot on the ball and used his head.

Fineran knew what he was about when he passed Tesch and filed the paths in the eighth. The veteran, Gus Daum, is in such bad shape that he couldn't make a base unless he hit it over the fence. "Moxie" wasn't taking any chances when he passed up Daum and showed his baseball brains by doing it.

Yesterday's games were a great help, thank you. Worcester will have to improve wonderfully if it is to be even a close second. Portland and Lawrence are still fighting it out for third place with the honors slightly in favor of Duffy's men.

Captain Aubrey was right on the job, and pulled off on his play that corker. His one hand stab of Dowd's liner was a great play. Aubrey is playing much better ball now than he did when he first came here.

Today's rain will slow proceedings all over the circuit. If we have many more rainy days before the close of the season it will be a difficult matter for all the clubs to play out their schedules.

Dowd and McMahon are a wonderful pair of infielders for any club. Both men pulled off plays yesterday that opened the eyes of the spectators. Their bare hand grab of McMahon's in the first game was only excelled by his throw to first.

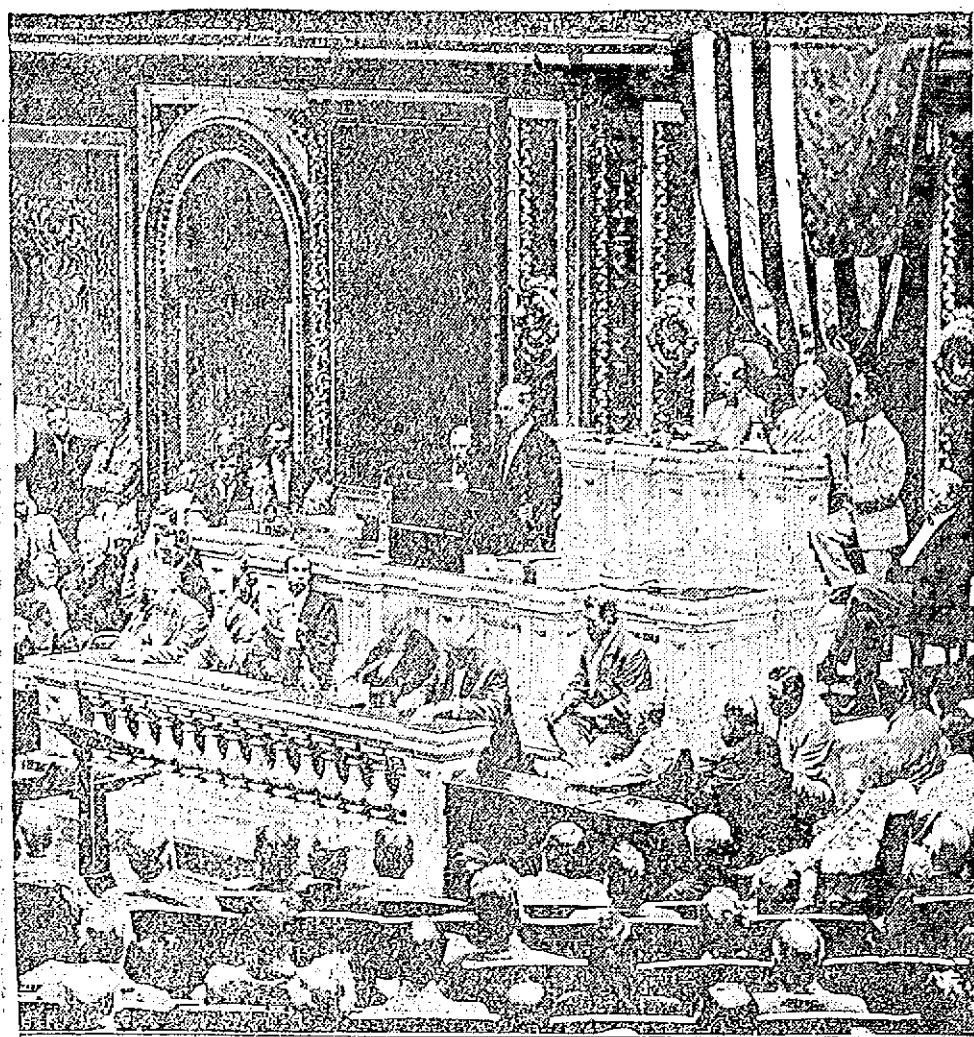

Halstein had a good day on the bag as well as with the stick. Here's hoping that the drafting season closes without any of the big fellows picking up this player.

# "THE COUNCIL OF PEACE," SCENE IN CONGRESS WHEN PRESIDENT READ MESSAGE

President Wilson declaring his new Mexican policy before Congress.  
PHOTO © 1913 BY AMERICAN PRESS ASSOCIATION

This picture shows President Wilson reading his special message regarding Mexican affairs before congress. Vice-President Marshall is at the left of Speaker Clark. In defining his policy of neutrality, at the same time holding

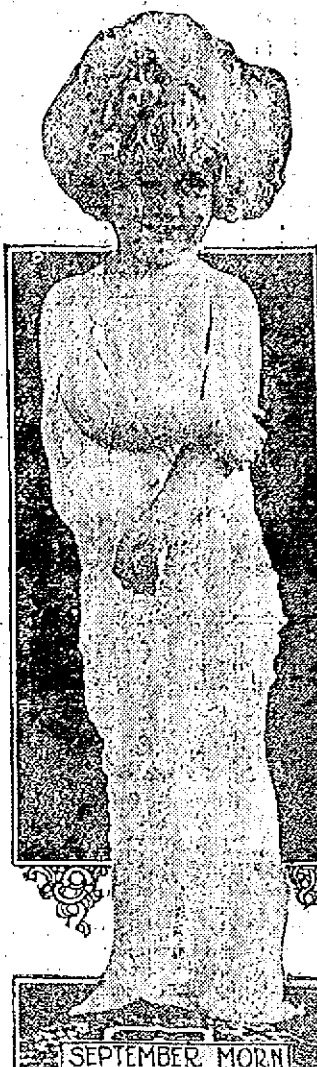

those in power in Mexico strictly accountable for any attacks upon Americans, the president gained the support of nearly all in congress regardless of politics. Following this impressive scene in congress word came that

Huerta had practically agreed to accept President Wilson's plan of mediation, which had previously been rejected, and that John Lind, the president's personal representative in Mexico, had returned to Mexico City to renew negotiations.

Burial took place in the family lot in the Westlawn cemetery, where the committal services were read by Mr. Craig. The funeral arrangements were in charge of Undertaker William H. Saunders.

McGUIRE—The funeral of Harry F. McGuire took place yesterday from his home, 35 Abbott street at 2:30 o'clock.

## ECZEMA LIKE WATER BLISTERS

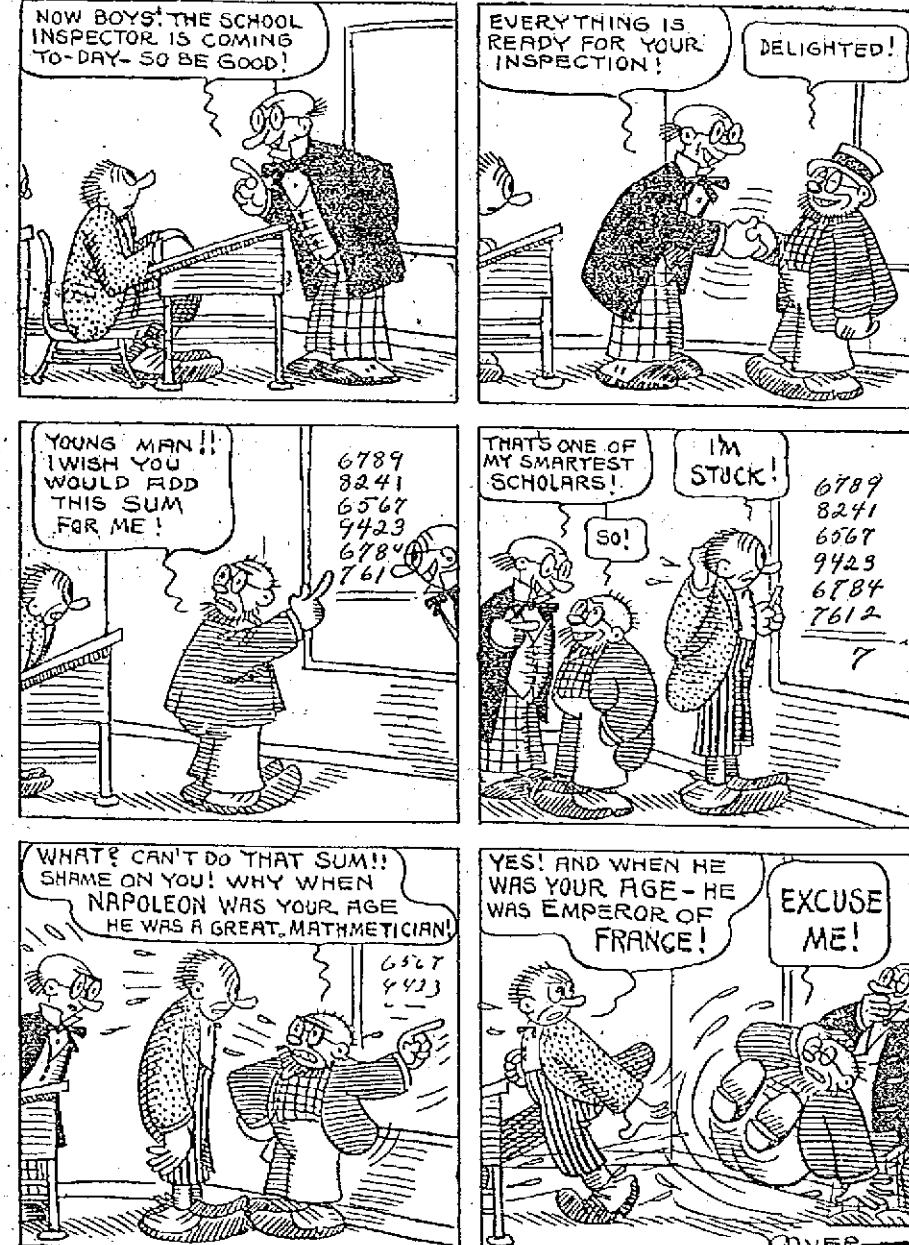

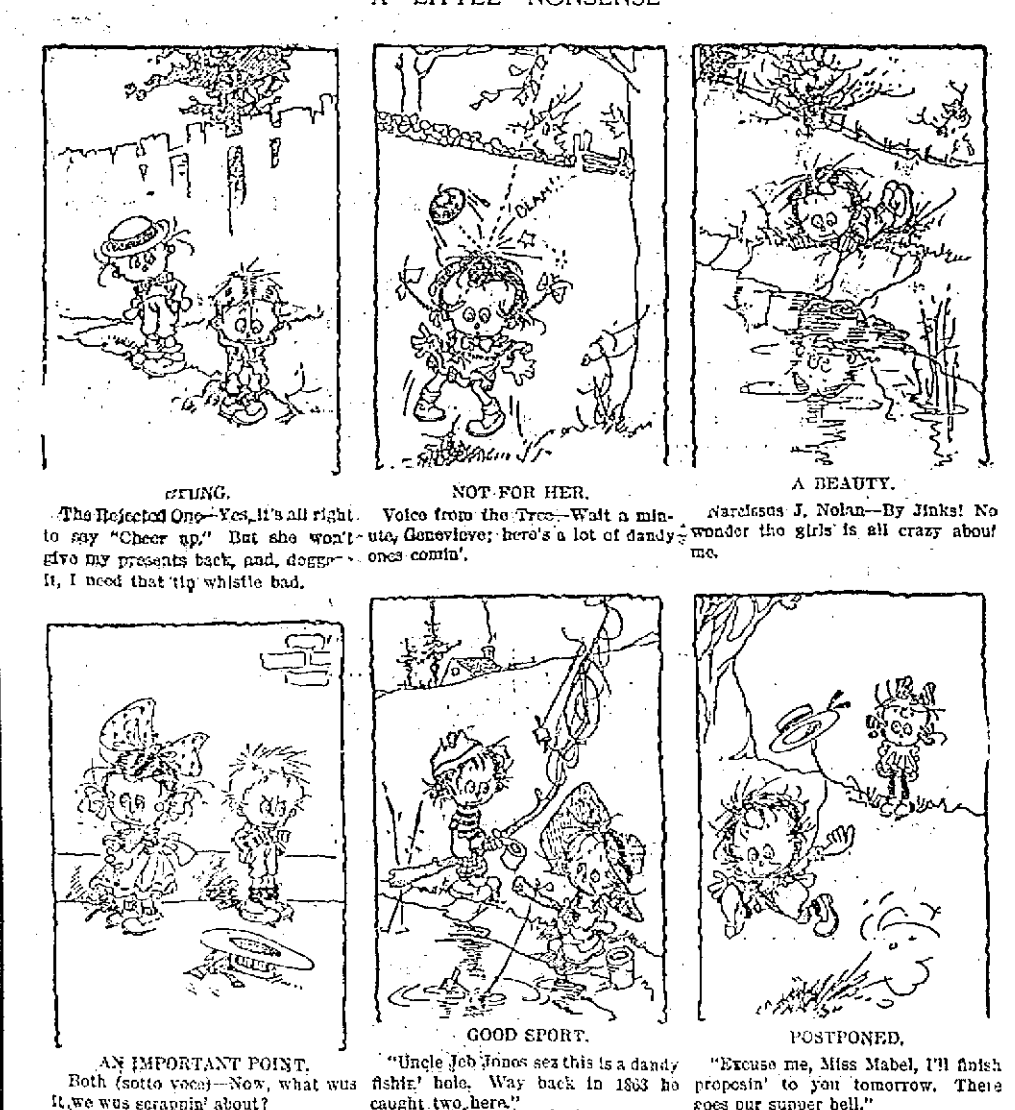

On Face and Ears, Itched and Burned, Disfigured, Could Not Go Anywhere. Cuticura Soap and Ointment Cured in Few Weeks.

250 Torrey St., Brockton, Mass.—"Eczema began on my face and ears something like a rash. Later it became like water blisters. They itched and burned so badly the child made screams. The trouble disfigured him for the time being; he could not go anywhere. It troubled him to lie on his ears. He was cross and fretful and restless. "I tried ..... and several other selves but none of them did any good. The trouble lasted two or three years, off and on before I used Cuticura Soap and Ointment. I used to wash the sores with warm water and Cuticura Soap and then put on the Cuticura Ointment and they afforded relief right away. It was only a few weeks till the cure was complete." (Signed) Mrs. J. W. Gills, Jan. 16, 1912.

## FOR PIMPLES AND BLACKHEADS

The following is a most effective and economical treatment: Gently smear the affected parts with Cuticura Ointment, on the end of the finger, but do not rub. Wash off the Cuticura Ointment in five minutes with Cuticura Soap and hot water and continue bathing for some minutes. This treatment is best on rising and retiring. At other times use Cuticura Soap freely for the toilet and bath, to assist in preventing inflammation, irritation and clogging of the pores. Sold throughout the world. Liberal sample of each mailed free, with 32-p. book. Address post-card "Cuticura, Dept. T, Boston." \* \* \* \* \* Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

# DEMOCRATIC SENATE CAUCUS

Senator Hitchcock Calls  
it a Political Ma-  
chine

Refused to be Bound  
by it on Tariff  
Bill

WASHINGTON, Aug. 29.—Denun-  
tiation of the democratic senate caucus  
as a political machine by Senator  
Hitchcock, one of the democrats who  
refused to be bound by the caucus on  
all features of the tariff bill, marked  
today's reopening of the fight over the  
income tax.

"Why should senators be expected to  
be bound by the hasty decisions of a  
secret caucus on details of the income  
tax?" demanded Hitchcock. "Why  
should they be expected to vote down  
every amendment, however good, sim-  
ply because it comes from the other  
side of the chamber? Why should the  
income tax section be not amended  
here on the floor of the senate if de-  
bate convinces senators it should be?"

Insurgent democrats who yesterday  
demanded that the bill be changed to  
increase the income tax on large for-  
tunes apparently had gained strength  
and insisted they would force the tar-  
iff conference late today or tomorrow  
to make substantial increases. Sen-  
ate leaders were prepared to grant

concessions, but the insurgents were  
not satisfied that their proposals  
would fully meet their view. Hitch-  
cock's attack was delivered in con-  
nection with his amendment for a  
heavy penalty tax on trusts or mo-  
nopolies controlling more than one-  
fourth of the country's production or  
trade in any given line. Five per  
cent would be added to incomes of  
corporations doing from one-fourth to  
one-third of all business in any given  
line ten per cent for those doing  
from one-third to one-half and 50 per  
cent for those above one-half. It  
would apply to no corporations cap-  
italized at less than \$50,000,000 or  
doing business of less than \$10,000,000  
annually. Senator Hitchcock declared  
his amendment had been offered in  
the caucus and beaten 24 to 18, but he  
alleged it had not been an open fight  
there.

"Caucus rule makes public debates  
in the senate farcical," he said. "Sen-  
ators will not even remain in their  
seats to hear them. This income tax  
section ought to be a matter of living  
interest. It is new legislation with  
vast possibilities affecting not only  
revenue but social conditions. Instead  
of being here a thing of life and in-  
terest it lies in this chamber a verita-  
ble corpse."

"Amendments have been offered  
from the republican side by senators  
who have made a study of the income  
tax. They were not contrary to any  
democratic doctrine; they would not  
endanger the bill. Why, then, must  
democrats be required by caucus rules  
to vote against them?"

"With other democratic senators I  
have felt bound up to this time with  
these obnoxious caucus rules. Now,  
however, we have reached a point  
where I feel free to take another  
course."

The amendment was discussed brief-  
ly by republicans and endorsed by  
Senator Bristow, who said he did not  
believe corporations would be able to  
pass on the tax to the consumer.

Senator Williams in charge of the  
income tax section of the tariff bill ex-  
plained the democratic party in the  
fullness of its wisdom "would deal  
comprehensively with the trust and  
currency questions but it did not pro-  
pose to load down a tariff bill with the  
alleged reforms of senators along these  
lines."

Party dissension, veered to the re-

## MAN SHOT TO DEATH IN BOARDING HOUSE

BOSTON, Aug. 29.—Charles J. Hoff, employed in the composing  
room of a Boston newspaper, was shot and killed in the hallway of a  
South End boarding house early today.

After questioning a number of the lodgers, the police began a search  
for Stephen C. Adams, formerly of Portland, Maine, with whom Hoff was  
said to have quarreled during a party at the house last night. Hoff was  
35 years old and unmarried.

publican side when Senator Cummings  
predicted that the Hitchcock amend-  
ment would probably be assailed as  
another attack on the rich, as Senator  
Lodge had assailed income tax amend-  
ments yesterday. He denied there was  
a campaign on foot against wealth but  
declared there was a campaign against  
"unscrupulous watering of stock" such  
as he declared occurred in the steel  
corporation and the Chicago & Alton  
deal.

## GOV. DUNNE OF ILLINOIS

Speaks on Growth of  
Public Control

COLORADO SPRINGS, Colo., Aug.  
29.—The feature of the session of the  
conference of governors today was an  
address by Governor Edward F. Dunne  
of Illinois, who spoke on "The Growth  
of Public Control of Utilities."

His address was an extensive treat-  
ise on the development of the plan in  
the various states of the union more  
particularly 1903, when the movement  
began to show itself in definite form.

"If public control shall fail, as I be-  
lieve it will not," said Governor Dunne,  
"the only alternative left is public  
ownership and operation."

### NITCHEL DECLINES

Nomination for Mayor of New York  
City in the Independence League  
Ticket

NEW YORK, Aug. 29.—John Furroy  
Mitchel, fusion candidate for mayor in  
a letter to W. J. Taylor, chairman of  
the city designating committee of the  
Independence League today, formally de-  
clined nomination for mayor on the In-  
dependence League ticket on the ground  
that the Independence League failed to  
endorse Borough President McAneny  
and Comptroller Fendengast, running  
for re-election on the fusion ticket.

### U. S. CAVALRY TEAM

Wins National Rifle Team Match  
With a Score of 2675—Victors Led  
By Capt. W. H. Clouston

CAMP PERRY, O., Aug. 29.—The  
national rifle team match was con-  
cluded at noon today, the United States  
cavalry team winning with a score of  
2675. The victors were led by Captain  
W. H. Clouston of the thirteenth cav-  
alry.

### Would Protect Americans

COLORADO SPRINGS, Colo., Aug.  
29.—"I would send every United States  
soldier into Mexico to protect Amer-  
ican women if necessary," declared  
Governor Colquhoun of Texas in a speech  
at the governor's banquet last night.

"I know I am treading on dangerous  
grounds but the United States should  
not stand idly by while Americans are  
being molested and outraged in the re-  
bellious republic."

Gov. Colquhoun's speech was in  
marked contrast to a speech delivered  
by Secretary of the Interior Franklin  
Lane praising President Wilson and  
his cabinet for their work.

John Viera, who for a number of  
years has held the position of yard  
overseer for the Tremont & Suffolk  
mill, has severed his connections with  
the company and Thomas Smith has  
been appointed to succeed him.

## MULHALL STATEMENTS

Denied by Rep. McDer-  
mott of Illinois

WASHINGTON, Aug. 29.—Represent-  
ative J. T. McDermott of Illinois, test-  
ifying before the house lobby com-  
mittee today put in a categorical de-  
nial of the charges against him by M.  
M. Mulhall, former lobbyist for the Na-  
tional Association of Manufacturers and  
I. H. McMichael, former chief page of  
the house. The charge that he had re-  
ceived \$2000 from a brewers' associa-  
tion in his 1910 campaign he charac-  
terized as "dreams, just dreams." He  
admitted having borrowed large sums  
of money from George D. Horning, a  
local pawnbroker, "as a friend." Mul-  
hall and McMichael testified that Mc-  
Dermott boasted of having received  
\$5000 from local pawn brokers to work  
against the federal loan shark bill. Mc-  
Dermott declared that at times he had  
owed Horning as much as \$10,000.

McDermott denied ever having at-  
tempted to influence congressional ac-  
tion on the loan shark bill. He also  
denied having planned with Mulhall  
and McMichael to have the Mulhall  
charges published.

The session of the senate lobby com-  
mittee was a series of wordy battles  
between James A. Emery, counsel for  
the National Association of Manufactur-  
ers and Senator Reed, the com-  
mittee's cross examiner.

The members of Hose 12 were called  
to the Aiken street dump again yester-  
day afternoon, where a small fire was  
in progress. After about two hours of  
steady work on the part of the firemen  
the blaze was extinguished.

## TWO MEN WERE FINED

For Larceny From B. & M. Freight Cars

Napoleon Willet and Wilfred Les- scord, the two men implicated in the recent thefts from the freight cars of the Boston and Maine railroad, pleaded guilty through their counsel, James Stuart Murphy, Esq., when their cases were called for trial this morning in the local police court. Willet was charged with larceny and Lescord with receiving the stolen articles.

As both admitted their guilt an evidence was put in by the government. Attorney Murphy addressed the court on the question of sentence, stating that neither defendant was in affluent circumstances. Lescord was fined \$25 and his partner escaped with a fine of \$15.

Marie and Amelia Almeida pleaded guilty to the charge of larceny and was represented by Lawyer O'Connor. The complaint accused the two defendants of stealing various small articles from the Cook and Taylor establishment. Each of the women was asked to deposit a \$5 bill before leaving the court-room.

Charles Raube and John Kashela, two young Russians who gave their residence as North Andover, appeared in court in answer to a complaint charging them with unlawfully riding on a freight car of the Boston & Maine railroad. Both admitted that they were riding contrary to law. They said that their work was out of town and that they were bound for Boston.

Charles Raube was sent to jail for the same offense for a period of four months. Joseph E. Stannard, a fine of \$5 for drunkenness and Adam Bay, \$1 paid over five for being drunk and using abusive language. There were four releases by Probation Officer Slatery.

EDWARD W. LIBERTY pleaded guilty to the charge of assault and battery upon Lewis A. Whipple and was fined \$10. Edward A. Cunningham, who is lame and obliged to navigate with crutches, received a sentence of ten days in jail.

James McGrady was sent to jail for the same offense for a period of four months. Joseph E. Stannard, a fine of \$5 for drunkenness and Adam Bay, \$1 paid over five for being drunk and using abusive language. There were four releases by Probation Officer Slatery.

Auto Struck Wagon

A serious accident was narrowly averted last afternoon when the laundry team of Joseph A. Scanlon of 859 Central street, was run into by an automobile containing three young men. James McFarland of 73 Union street, was also in the laundry team. The wagon was upset and the horse thrown, but nobody was seriously hurt.

The accident occurred at the corner of Concord and Andover streets, which is a very dangerous turn. The machine was bowling along Andover street and could not slow up in time to prevent a crash when the team rounded the corner from Concord street. The men leaped from the wagon.

## ATTEMPT TO OUST HALE

Chairman Admits Violation of Rules

BOSTON, Aug. 29.—A determined attempt to dislodge Matthew Hale as chairman of the progressive state committee was made at the meeting of that organization yesterday afternoon.

A resolution demanding that the office of chairman of the committee be declared vacant and a temporary chairman be appointed, pending an investigation of the charges preferred against Mr. Hale was blocked by the latter's admission that he had unintentionally violated the rules.

Mr. Hale apologized, and finally resumed the chair after he had been given a vote of confidence.

It was the liveliest kind of session, and the entire committee was engaged in debate for a half hour before a member called their attention to the fact that the meeting had never been formally called to order.

The charges made against Chairman Hale were purely technical in their nature, but were used as a cover by the opposing faction to express their dissatisfaction with what they state to be the domination of the party by a few men led by Mr. Hale.

## STEAMER GOES DOWN WITH MIGHTY HISS

Former Spanish Consul General and Wife Victims — Cigar Responsible for Tragedy

NEW YORK, Aug. 29.—Hippolyte Uriarte, formerly Spanish consul-general here, and his wife Marie lost their lives today in a fire that burned out their apartment on the fourth floor of a five-story apartment house at 465 Central park, west.

### Curios Fed Flames

Thousands of curios, gathered in many lands and stacked high in the apartments of Uriarte, who was for 50 years a Spanish consul, fed the

fire. Uriarte was found dead, leaning across a window sill; his wife, Marie Louise, mistook a window leading to an air shaft for one opening on a fire escape and plunged four stories to her death. Uriarte was 52 years old.

The fire was kindled, it is believed, when Uriarte lit a cigar which he intended to smoke before going to bed. The aged couple had been up until a late hour celebrating the home-coming of their son, Louis, an accountant in Cuba.

## TO ABOLISH GRADE CROSSING

City Solicitor Filed Petition at Cambridge

Garbage Collection Suspended to Allow Men to Parade

The so much talked about railroad grade crossings at Middlesex and Thorndike streets, may be abolished before a great while, for at the request of Mayor O'Donnell the city solicitor last Tuesday filed a petition at Cambridge for presentation to the superior court, asking that immediate action be taken on the abolition of the said crossings.

This, of course, means a great expenditure and considerable work, but the city will be taxed for only ten per cent. of the cost, while the state, county and city will be taxed for the balance.

Progressive Party Wants Two Men at Each Precinct

Commissioner Cummings stated this morning at the regular meeting of the municipal council next Tuesday, he will ask the members of the council what they intend to do with the proposition of a playground for West Centralville. He said the park department has a plan of the proposed land and it is now up to the council to decide as to whether a certain portion of this land which extends from Island street to the brook, will be taken up for playground purposes. He said he favors a park in West Centralville.

## ROBT. NORTON WAS POPPING

The Question When In Popped a Couple of Detectives

And the Girl Didn't Have Time to Say Yes or No

NEW YORK, Aug. 29.—Just as Robert Norton, a real estate broker of Savannah, Ga., was in the act of "proposing" to Miss Edna Robinson in her Brooklyn home today there was a sharp rap on the door and before Miss Robinson had time to say "yes" or "no" to his plea a couple of detectives entered and placed Norton under arrest. The young man is wanted by the Savannah police. A warrant having been sworn out charging him with embezzlement from a bank in that city. In default of \$2000 bail, Norton was locked up pending the arrival of detectives from Savannah.

## GIANT STEAMER IS FLAMING TORCH

Afire in Buttermilk Channel With 600,000 Gallons of Oil and Benzine in Her Hold

NEW YORK, Aug. 29.—The steamer Burgermeister Hachmann, with 600,000 gallons of crude oil and benzine in her hold, was still a blazing torch in the Buttermilk channel this morning, 14 hours after her cargo had been fired when a spark struck last night by two tin cases started the fire. The 3000-ton vessel had listed 15 feet to port at nine o'clock and the water was then within a few inches of her deck.

A battery of three fireboats surrounded the craft and pumped water on her all night. Notwithstanding she burned steadily. Blazing blocks of wood, dislodged from her steel frame floated down the river, menacing other craft. Nine thousand gallons of benzine had not been reached by the flames at nine o'clock, and fire fighters were hopeful that she would sink before this should explode. Thousands of persons lining the water front were swept back by the police reserves of three precincts, who believed that they would be imperiled in case of an explosion, and a zone extending a block back from the river was established, through which no spectators were permitted to pass.

### Clouds of Steam

With a mighty hiss the Burgermeister Hachmann sank to the bottom of the channel this afternoon. Clouds of steam rose above her and hovered a moment over the ship where she went down. The channel is shallow there and the superstructure remained above the water when the ship settled but did not burn.

## LIGHTNING STRIKES ACTON POWDER MILL

Big Explosion at W. Acton Destroyed Mill and Shook Distant Cities—Nobody Killed

ACTON, Aug. 29.—Many Middlesex county cities and towns were jarred severely today when one of the mills of the American Powder Co. blew up after being struck by lightning. It is believed that no person was in the immediate vicinity of the mill, and so far as known there were no casualties. The force of the explosion shattered windows and smashed crockery in houses situated some distance from the mill and caused rumors of an earthquake to originate from a number of distant points.

The shock was distinctly felt throughout this city, and thousands who were rocked in their beds thought that the shaking of the houses was caused by an earthquake. When it was learned that the shock was caused by the explosion of a powder mill at Acton parties said that the explosion must have been almost as powerful as that of the Riverside magazine in our own city. West Acton is about fifteen miles from Lowell.

## C. W. PAYSON IS MISSING

His Brother Searching Lowell for Him

C. W. Payson of New York City has mysteriously disappeared and his brother, P. A. Payson, proprietor of the Leeward farm of North Reading, came here this afternoon in search of news as to his whereabouts. The missing man was visiting his brother at the time of his unaccountable disappearance.

Mr. Payson gave the entire story to a Sun reporter this afternoon at the police station where he had come to try and learn of his brother's whereabouts. "My brother," said he, "came on from New York last Saturday to stay a few weeks with me. He is a man over 60 years of age and enjoys traveling, so that I suggested to him Wednesday morning that he take a trolley ride to Lowell and Lawrence and view the country in this vicinity. That is the last time that I saw him, and I have received no word from him since that day."

"Did Mr. Payson have any money about him?" asked the reporter. "Well, not much," responded the missing man's brother. "I should say that he had in the neighborhood of \$200."

## BIG LULL IN THE THAW CASE

Decided Lull in Matters at Sherbrooke—Thaw's Chauffeur Released on Bail

SHERBROOKE, Que., Aug. 29.—"Gentleman Roger" Thompson, the New York chauffeur who whirled Harry K. Thaw from Matteawan, walked the streets of Sherbrooke today a free man. Police Magistrate Mulvane admitted him to \$500 bail after he had appeared for trial charged with aiding Thaw, a lunatic and therefore an undesirable, to enter the Dominion.

F. Campbell, for the immigration department, announced to the court that he wished to press first the charges that Thompson, entered Canada by stealth. Thompson's counsel, Louis St. Laurent, acting with the Thaw counsel objected to proceeding on this charge and at their request the adjournment was granted.

William Travers Jerome, Dist. Atty. Conger of Dutchess county, Deputy Attorney General Kennedy trying here to get Thaw back to Matteawan, were in court. The little courtroom was packed. With Thaw in jail for an indefinite period probably till the session of the king's bench in October and the Thompson case postponed indications were today that there had set in a decided lull in matters pertaining to Stanford White's slayer.

### Not Much Doing

Magistrate Mulvane did not take his seat on the bench until nearly 10.30. M. Campbell opened the case for the prosecution, electing to try Thompson on the charge of entering the Dominion by stealth, thus sidetracking the Thaw issue. A recess was then taken in order that a court stenographer might be procured. When court recon-

vened adjournment was taken until Wednesday, Sept. 3. Meantime Thompson was admitted to \$500 bail.

### Thaw Was Interested

Thaw evinced marked interest in the Thompson case today, as he thought it might involve a subsequent test as to his own sanity. His lawyers did not see him this forenoon.

Jerome was one of the first to appear in court. Thompson came in at 10.30 and held counsel with his lawyer, M. St. Laurent. Thaw's counsel, White and McKeon, assisted him. The case of Thompson is so interwoven with Thaw's that the Thaw counsel were anxious that no false step be made.

### Thinks Thaw Safe

Thompson, leaving jail, strolled leisurely into the Magog house, headquarters for the lawyers fighting for and against Thaw's deportation and lunched at a table next to that occupied by William Travers Jerome, chief of the New York forces. District Attorney Conger and Sheriff Hornbreck of Dutchess county.

The sheriff had in his pocket a warrant for the arrest of Thompson on a charge of conspiring with others to liberate Thaw, but it has no weight in Canada and Thompson smiled in his security.

The chauffeur's chief concern lies in the fact that he cannot with the warrant hanging over him return to New York state. "But as for squealing," he said, "I wouldn't say a word to hurt Thaw's case for a million dollars cash. I think he is sane and I want to see him go free. I went into the case in New York recently and my conscience is clear."

"I won't jump my bail here, either," concluded the chauffeur.

## CLOSING EXHIBITIONS AT THE PLAYGROUNDS

CHILDREN WAITING TO TAKE PART IN THE PROGRAM ON SOUTH COMMON

## Each Carried Out its Own Program—Industrial Exhibit of Articles Made by the Children Postponed

The closing exercises of the various playgrounds of the city were held this afternoon, and the event was marred only by the wet grounds affecting the programs. Last year the affair was held on the South common in the form of a monster gathering, all children from the other public playgrounds participating, but this year it was deemed advisable to have exercises at each place, and the project was greeted with joy by the young folks, as well as by the supervisors and assistants, and as soon as it was announced that each place of amusement would have its own exercises, all interested set to work, and the result was that a very interesting program was prepared in every district.

A feature of all the playgrounds, however, is the industrial work, which reflects much credit upon those in charge. It shows that while amusing themselves the little ones were given valuable instructions as to sewing and other work which will prove of great benefit to them later on. The children were also trained to respect each other, and in some places although as many as fifteen various nationalities were represented, the little

ones were taught to amuse themselves in a family way, and the instructions in all instances were followed to the letter.

### Industrial Exhibits Postponed

Although the industrial exhibits were not shown on the grounds today, a Sun representative looked them over and they are referred to below. They are well worth seeing. They will be exhibited tomorrow in the store at the corner of Central and Market streets, recently vacated by the American Express company.

The Alken street playground, however, which is in charge of Supervisor Irving T. Gumb, is the only place where boys were taught industrial work, while enjoying various games, and to the credit of Mr. Gumb, he said that the exhibit there on the boys' side is very interesting.

The park commissioners were in attendance and presented the prizes. Mr. John Mills on the North common; Supt. J. W. Kenan on the Alken street; Mr. Alex. Rountree on the Greenhalge; Mr. Harvey B. Greene on the Paige street; and Mr. Harry P. Carr on the South common.

The exhibit of industrial work on the South common included dresses, aprons, rompers and kimonoas, which were cut, fitted and sewed by machines on the playground. The hand-

formed a special exhibit, each piece of work having been carefully laundered and mounted on dark paper so that all its beauties might show. Here were centerpieces, doilies, collars, bags, bureau covers, aprons and bibs.

A prize had been offered by Commissioner Carr to the girl who should make the best showing of industrial work, but when Mr. Carr had finished his examination he decided to give two prizes instead of one. Two girl jewel cases were, therefore, awarded, one to Mary Kelley, the other to Esther Sears. Mary's exhibit consisted of one tucked dress, one plain dress, two pairs of bloomers, two Irish crochet bags, one embroidered waist; Esther's exhibit was one embroidered dress, one plain dress, one child's kimono dress, two pairs of bloomers, one pair of rompers, one embroidered bag.

### Smaller Children

While the smaller children assembled for ring games, the larger ones for races. The ring games played were: Lazy Mary, Bull in Ring, Oats, Peas, Beans, See-Saw, Lissie, Dodge Ball, Touch Bag. The races were: Three-legged, potato, 50 yard dash, hopping race, relay race. Ten dances were given: Swedish Polka, Ace of Diamonds, Danish Greeting, Children's Polka, Bleking, German.

## \$7,000,000 FOR ARMOR PLATE PLANT

WASHINGTON, Aug. 29.—Rep. Britten of Illinois today introduced a bill to appropriate \$7,000,000 for a government armor plate plant to be operated by the government. His idea is to break what he calls the "trust now controlling the armor plate situation in this country." He contends that a government plant should turn out 10,000 tons a year not exceeding \$314 a ton.

### Too Had She Missed Him

COVINGDON, R. I., Aug. 29.—Awaking to find a burglar entering her apartment and her millinery store downstairs ablaze early today, Mrs. Etta Robertson seized a revolver and fired at the intruder. The bullet missed

his head by a couple of feet and he fled. She then directed the firemen in extinguishing the fire, which was confined to her stock and fixtures. The police believe that the man set the fire and had planned to rob the store and apartment when Mrs. Robertson had been frightened out of the house.

## ANDREW CARNEGIE

Spoke on Progress of Peace Movement at Unveiling at Peace Palace—Praised Sir William Cremer

THE HAGUE, Netherlands, Aug. 29.—Andrew Carnegie spoke on the progress of the peace movement at the unveiling today at the new palace of peace of a bust of the late Sir William Randall Cremer, the working carpenter who became a member of parliament and who was knighted by King Edward VII. Cremer was the originator of the inter-parliamentary conferences, a winner of the Nobel peace prize and for 37 years secretary of the international arbitration league.

Mr. Carnegie spoke of Cremer as one of the pioneers of the greatest of all causes—the abolition of war.

"The killing of man by man," he said, "was the greatest of all crimes." Mr. Carnegie submitted that the only thing required for a world peace agreement was the co-operation of three or

four of the leading civilized powers against disturbers of the world's peace.

## Directory of Manufacturers

A directory of Massachusetts manufacturers has been compiled by the bureau of statistics under the direction of Charles F. Gettemy, assisted by the various trade organizations in the state.

The directory contains about 3300 concerns and is a ready reference for manufacturers desiring to increase their trade and having at hand actual names and addresses of firms.

The directory is classified by industry, corporation, individual or firm name or location. The local list was compiled by Secretary Murphy of the board of trade and used in the year book of the board. A few omissions have been made, but most important concerns have been listed.

A limited number of the directories have been received at the board of trade office, and copies may be procured there by members of the board of trade who can use the directory to any advantage.

## EXHIBITIONS AT PLAYGROUNDS

## Continued

Clay Dance, Carrousel, Norwegian Mountain Dance, Scotch Reel, Irish Lilt.

Later the dancers broke ranks and teams were formed for games. Four teams made ready for capture ball and two for basketball. Every player was dressed in regulation South common uniform, a white middie blouse and navy blue bloomers. They presented a very neat and attractive appearance. The games continued until 4:30, when the program ended.

Miss Katherine Tobin is the supervisor and her assistants are Miss Marion Conroy and Miss Marion Carey, and the three deserve special mention for their success in the playground work. The exhibit is one of the finest seen in this city, and also reflects much credit on the little tots, who so carefully followed the instructions cheerfully given them by these three young ladies.

## Boys' Program

The boys' program started at two o'clock sharp with a varied list of

continued for one hour, the dances given being as follows:

Greeting and Meeting, I See You, The Muffin Man, Children's Polka, Danish Dance of Greeting, Shoemakers, Indian dances, May Pole dance, How-do-do, Pop Goes the Weasel, Dancing Tossy, Annie went to Cabbage Patch. Races of all descriptions were also carried off.

The young women in charge of this playground are as follows: Miss Mary Joyce, supervisor; Miss Grace McAllister, Miss Mary G. Sullivan, Miss Zola Reed and Miss Carlotta Abels, assistants.

## Spiriting Events

The boys of the North common are in charge of Supervisor Charles A. Donahue and John McPadden, assistant, and under their direction a fine sporting program was carried out, the numbers being as follows:

25 yards dash, open to boys 12 years of age and under.

50 yards dash, open to boys of 12 years of age and under.

100 yards dash, open to boys 15 years of age and under.

Running broad jump, open to boys 15 years of age and under.

Running high jump, open to boys 15 years of age and under.

Hop, step and jump, open to boys 12 years of age and under.

strings, and they prove very interesting for the chains and fobs were all hand woven and some contain pieces of jewelry and are neatly finished. The boys were also taught to tie any knot possible, and all this work is the result of the efforts of the supervisor, Mr. Irving T. Gumb.

The girls' program was quite elaborate and was well carried out.

## Industrial Exhibit Postponed

The industrial exhibition, circle games, older girls, dodge ball, stride ball, prisoners base, three deep; middle group, soldier boy, cat and mouse, lingo, skip away, carrousel; youngest, soldier boy, farmer in the dell, lasso, cats, peas, beans, etc.; 3:00, Captain ball game, croquet; 3:30, races, youngest group, 10 yard dash, bean bag board, bean bag throw, marshmallow race; middle group, all up relay, 25 yard dash, doughnut race; oldest girls, potato race, single relay race, potato spoon race, 50 yard dash.

The girls' supervisor is Miss Eugene Frappier, who is ably assisted by the Misses Gladys Maloney, Emilie Radcliff. The winners of the prizes were Bertha Vezina, Clara Mateau, Ernestine Bloddeau, Corine Turner, Olivia Robergo and Marie Anne Moisan.

sports and suitable prizes, consisting of free passes to any of the future baseball game at Spaulding park, Jack knives, baseballs and gloves, caps and other useful articles too numerous to mention. The program as carried out was as follows:

100 yards, seniors; 75 yards dash, juniors; high jump, seniors; high jump, juniors; one mile race, seniors; broad jump, seniors; hop, step and jump, juniors; quilt match, juniors; relay race, seniors; baseball game, seniors, and baseball game, juniors.

The boys of the South common are in charge of Patrick J. Reynolds, who is ably assisted by Eugene Donovan. They have the boys trained down line, and they spared neither time nor labor to give the little "chaps" plenty of enjoyment, and see that every one leaves the grounds every afternoon well satisfied with the day's pleasure. They certainly are the right men in the right place.

## North Common

The industrial work at the North common won much praise. It consisted of croquet work, slippers, petticoats, babies' coats, tidies, dollies, baby dresses, sofa pillows, bureau scarfs, pin cushions, and others too

Pole vault, open to boys 17 years of age and under.

Three-legged race, open to boys 10 years of age and under.

Relay race, open to boys 12 years of age and under.

Copper scramble, open to boys 12 years of age and under.

Quilt throwing contest between picked players.

Baseball game, Shamrocks vs. Rose-dales.

The attendance on the North common was especially large and the baseball fans were given the time of their lives for the game played was between two strong aggregations, and was very interesting.

## Aiken Street

The very attractive industrial exhibit at this place consisted of articles made by both the girls and boys. The girls' exhibit consisted of the following pieces: 18 dresses, 15 kimono, 20 aprons, five pairs long curtains, 10 pairs short curtains, 50 head chafers, 2 crocheted petticoats, 5 night gowns, 10 dozen dust caps, 15 baskets, one dozen melon seed bags, 20 crocheted bags, one large bed quilt, three cradle quilts, doll dresses and dollies. The boys consisted of watch fobs and chains manufactured with shoe

## Greenhalge Playground

The Greenhalge playground is the only place where the exercises were held indoors, as far as the girls were concerned, and the same were carried out in the hall of the Greenhalge school. The exhibit there was very interesting, and although the pieces were not as numerous as in other places, the quality of the work paid for the small number. Kimono, night gowns, aprons, embroidered collars, pin cushions, table covers, embroidered bags, dollies, crocheted slippers, crocheted jackets, baskets and other articles, formed the biggest part of the work of the little tots.

A feature at this playground is the tennis court, which was donated by Supt. Kernan of the park department, and which is of great benefit to the little girls, who find great amusement as well as physical culture in this particular spot. This is kept in the front part of the playground. The girls' races and other events were held in the rear yard, where a hand-power merry-go-round is located. The program was quite similar to that carried out on the South common.

This girls' supervisor at the Greenhalge is Miss Mabel E. Haggerty, while her assistants are Misses Lillian

numerous to mention. The program consisted of the following numbers, which were all very interesting:

Jennie O'Jones, Oats, Peas, Beans, Shall We Show How the Farmer, the King of France, All Go 'Round the Barberry Bush, Farm Yard, Farmer in the Bell, We are Playing Together, 'Round and 'Round the Valley, Rabbit in the Gollow, Good Afternoon, Lasy Betsy, Cat and Rat, Slap Jack, captain ball and dodge ball.

G. Powers and Mary M. Cowell, and their work throughout the season was excellent. Katherine Eagan and Margaret Gallagher won the prizes for fancy sewing and other industrial work.

The boys' sporting program, which was in charge of Supervisor Leo McCarthy, was carried out in a very satisfactory manner.

## Pige Street

The prize winners at the Pige street playground were Mary Kelley and Leo Lalonde. The youngsters at this playground are enthusiastic workers, and the exhibit of their work shows that they were kept busy the entire season. A few of the articles of their handwork are the following: Hemstitched serim curtains, muslin and gingham curtains, belts, towels, bonnets, pin cushions, kimono, aprons and dolls' quilts. The children who are too young to sew were given sewing cards to work on. The boys also sewed and made a variety of baskets. The supervisor of the playground is Miss Irene B. White, while her assistant is Miss Edwina Rosatto. The exhibition opened at 2:30 o'clock, and this was followed by a game of baseball and ring toss, as well as a number of races. The exercises closed with a penny scramble for both boys and girls.

## Camelback Trial

SAN FRANCISCO, Aug. 29.—The surprise of the Camelback trial came this morning when Thomas H. Warrington of Sacramento, father of Marsha Warrington, took the stand in place of his daughter. White-haired, clean-shaven, kindly-faced, he testified that F. Drew Caminetti, the defendant, charged with violating the Mann White slave traffic act, called frequently at his house for his daughter under the name of "Mr. Whitman." Mr. Warrington said "Whitman" was an honorable suitor for his daughter's hand.

# Fall Season Starts

\$5.00 TROUSERS FREE

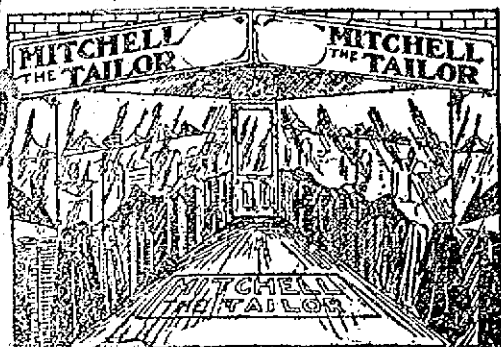

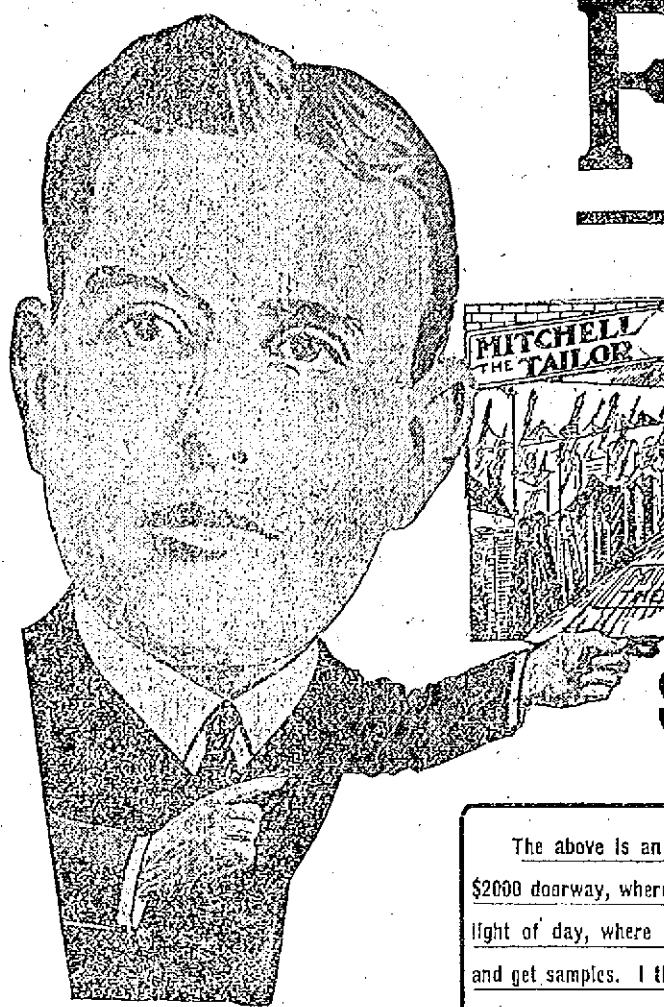

I announce for Friday and Saturday the opening of my Fall Season Sale. I am a few weeks early in doing so, but the few weeks will pass before we realize it, As my fall goods are here I may as well take orders now as later,

## TO THE PUBLIC

and you who have bought custom clothing at my first, second, third and fourth Fall Opening Sales, will remember the wonderful values I gave you. I will give you still better values at this sale—I am going to make My Fifth Fall Opening Sale the biggest clothing opportunity ever offered to the people of Lowell or New England. Remember I am not showing you light weights or counter worn goods in this sale—but a \$10,000 stock of the newest and best woolens New England Mills know how to make. Thanking you in advance for your patronage. Sincerely,

MITCHELL, the Tailor

To interest the early buyers and to induce those who would not otherwise order till later on, I shall give a pair of trousers absolutely free with Suit or Overcoat purchase Friday and Saturday.

\$2000 Doorway

The above is an exact reproduction of my new \$2000 doorway, where I will display goods under the light of day, where you can feel and handle them, and get samples. I thank the owner of the property, Mr. Harry Chalifoux, for this.

### ROCKVILLE, OVERCOATINGS

They had a reputation before you ever heard of Mitchell, the Tailor. The fact that I sell them at low prices can't hurt that reputation—it only adds to mine. That's why I offer them at the price.

I invite the timid, the skeptical and doubting of all Lowell, to call at my store today and tomorrow for the surprise of their lives. I want to show you a recent purchase of 160 pieces of Rockville Coatings, in all the new creations. I have reserved one whole window for this display. The young men will crowd me on plaid backs this season. These coats are made with patch pockets, with or without belt, fly front or buttoned through, combination collar, half lined or whole lined, in fact any way a customer desires. I don't leave a loophole for myself to crawl through. I bar none. I say the finest stock of overcoatings in the city of Lowell.

## "L" MEN TELL OF ABUSE BY PUBLIC

### Arbitration Board Hears That Work Has Increased 50 Per Cent in Ten Years

BOSTON, Aug. 23.—The work of conductors and motormen has increased 50 per cent in 10 years, and the public has become more abusive, according to testimony brought before the "L" arbitration board yesterday by union witnesses. Where the conductors on an average route in 1923 collected \$13 in a day's work, he now gathers more than \$27 for the company.

Matthias J. Needles, business agent of the union, was the star witness for the men. He is expected to resume his stand today and continue his testimony of the increased work of platform men today. His testimony yesterday supplied data that was added to the list of 45 exhibits to date by the union.

"Three years ago there were but 20 transfer points, and today we have checks showing 55 points," said the business agent. "We have more trouble with passengers today than ever before. There are certain rules to enforce and the passengers feel offended

when they are approached on such matters."

"For instance, the rule governing dogs on a car seems to be generally misunderstood by the public, and the conductor is showered with threats and abuse if he attempts to carry out his instructions. Passengers insist that we have short-changed them. A conductor is positive that he received five cents from a woman. She storms and insists that it was a quarter."

**Official Tricks Conductor**

"Efforts to pass old transfers keeps us on the alert. An old transfer costs the conductor five cents when his mistake is discovered in the accounting department. I know of an instance where an Elevated official passed an old transfer during the rush hour and the conductor was docked five cents for trusting the official. These tricks keep us harassed, especially when traffic is heavy."

The witness said that considerable trouble was met in securing names of people who witness an accident. They usually side against the company and refuse to give their names to the car crews. Unless two or three names are secured the conductor is suspended.

Trainmaster George H. Benjamin and Chief Instructor Cyrus Ching took the stand. During the examination of Mr. Benjamin by Atty. Peeney for the union there was considerable laughter by the 300 uniformed employees who daily attend the hearings in Ford Hall.

Chairman James J. Storrow sharply rebuked this conduct, intimating that the noise was interfering with the conduct of business and the board would not tolerate interruptions of that sort.

At the conclusion of the morning session General Organizer Fred Fay of the union begged permission to speak, and further reproached the men for their conduct. He said: "The board of arbitration arranged to have public hearings, so that it could listen to evidence in this controversy before anybody who wished to attend, and the board also has the right to make these sessions secret."

**Fay Rebukes Carmen**

"I feel that out of courtesy to the board and to the officials of the Elevated company, and in justice to yourselves, you should refrain from making any more demonstrations of any sort while the hearings are being conducted. I want you men to take this to heart, and I want you to inform others who may attend in the future that they must maintain silence."

It was agreed before the board that Joseph B. Eastman, for the carmen, should make a thorough examination of all books of the Elevated that deal with the pay of the employees. The union counsel indicated that he would follow up this by asking for the books dealing with the salaries of the company officials.

**HIS 50TH BIRTHDAY**

Carlos E. Bohannon Honored by Samuel Hines Lodge, Knights of Pythias

About 50 members of Samuel Hines lodge, 58, K. of P., gathered at the home of P. C. Carlos E. Bohannon last night in honor of his 50th birthday. During the evening P. C. Frank W. Tinker presented Mr. Bohannon a solid gold Pythian veteran's jewel, suitably inscribed. Although taken wholly by surprise the recipient expressed his thanks for the honor conferred upon him and stated that he would always hold the jewel as a treasure. Mrs. Bohannon was presented a beautiful bouquet as an appreciation of the interest taken by her in the Hines lodge. Refreshments were served and a social hour enjoyed by all.

**B. F. KEITH BUYS**

Beautiful New Million Dollar Theatre in Washington and Adds it to His Chain

BOSTON, Aug. 23.—B. F. Keith has bought the beautiful new million dollar Chase's theatre in Washington, and added it to his chain of 30 high-class vaudeville theatres in the principal cities east of Chicago.

For years it has been Mr. Keith's ambition to possess a playhouse in the national capital, but his business relations with P. B. Chase of Washington, one of his allies in the United Booking offices, prevented him from entering the city.

The new Chase theatre, which he has just bought from Mr. Chase, was opened last August, and cost over one million dollars. It is on 15th and E streets, opposite the United States treasury,

within a block of the White House and is the only theatre in the capital devoted to high class vaudeville. It is one of the finest theatres in the country, and is on a par with Mr. Keith's beautiful playhouses in Boston, Philadelphia and New York city.

Chase's theatre will be devoted to the famous B. F. Keith brand of vaudeville.

**AMUSEMENT NOTES**

**Theatre Voyons**

The second of the "Who Will Marry Mary" series of story pictures is shown at the Theatre Voyons today and with Mary Fuller in the leading role it proves a big attraction. This series is one of the most successful ever placed on the screen and each is more interesting than its predecessor. "Two Men of the Desert," a biograph, has a most dramatic climax and its story of mother love is one that touches every heart.

**Lakeview Park**

The free attractions at Lakeview are still wonderfully popular. Hundreds avail themselves of the opportunity to get out into the country, and, at the same time see something which will lift themselves from the level of monotony. This week, on the open air platform, Martin and Ganett, a pair of real acrobatic comedians, are giving their funny "Happy Hooligan" and "Clowny Gus" act. The change of motion pictures took place yesterday, a brace of new subjects having been brought forward.

On Sept. 8, Dr. John C. Bowker, the noted platform lecturer and speaker, will appear to talk of Mexico, during afternoons and on the Passion Play in the evening. There will be an admission of 15 and 25 cents. Special band concerts are slated for the park on Sunday afternoon and evening.

**B. F. Keith Theatre**

Snap—ginger—color—music, these are the big points of the bill at the B. F. Keith theatre, this week, and everybody is seeing it. The perfect balance of the bill is one of its strongest points. "From Coney Island to the North Pole," a musical arrangement in three scenes, is most satisfactory. The comedy and the pretty girls and just the requisite paprika to the bill. Jennings and Wilson, blackface comedians; that Versatile Trio, male singers; Flo and Arlie Walters, singers and dancers; the Bramings, instrumentalists; "The Toll Bridge," a pretty comedy; Rio and Norman, Roman ring performers, and the Pathe weekly film are the other good things on this bill. Next week Tom Nawn, a great favorite, will appear in his brightest sketch, "The College Coach." Good seats may

be obtained for all performances. Box office telephone number 28.

**Merrimack Square Theatre Players**

The last four performances of Geo. M. Cohan's great comedy, "Get Rich Quick Wallingford," are being given by The Merrimack Square theatre players today and tomorrow and those who have not witnessed it should do so before it's too late. For an afternoon or evening's unadulterated pleasure, this week's presentation beats anything The Players have yet offered.

Beginning with a matinee next Monday afternoon the presentation will be Augustus Thomas' great western bill, "Arizona," described as the greatest American play ever written. This play Miss Grace Young has appeared in over seven solid months on the road and has been cast in her original role. A complete scenic production is being built giving it the proper setting and patrons will no doubt take much pleasure in this excellent offering the coming week. As usual the latest motion picture plays will be shown. Seats one week in advance. Reserved tickets ready for Labor day now. Phone 2052.

## THE MEXICAN MESSAGE

The message of President Wilson on the Mexican situation has cleared the air and convinced the Huerta regime that there will be no recognition by this country until the Mexican government shall have been endorsed by a properly conducted election by the people.

The president's policy of strict neutrality between the opposing parties in Mexico cannot be construed as unfair although it is a severe rebuke to Huerta to find that he is placed on the same level as the various factions opposed to his dictatorial assumption of power.

The Mexican marauders will find themselves severely handicapped by the new policy proclaimed by President Wilson, forbidding the export of arms or other munitions of war from this country.

Although the president has plainly and emphatically stated that there will be no armed intervention, at present yet the appeal to Americans to leave Mexico and the warning that the rights of Americans must be protected, seems to convey the implication that if these intonations by the president are not strictly obeyed by Mexicans, there will be intervention. This has caused a feeling of consternation in Mexico and it will go far to bring the de facto government to a realizing sense of its great responsibility.

In this light the attitude taken by President Wilson must have a powerful effect in convincing Huerta and his followers of the futility and danger of conniving at outrages upon Americans in Mexico, or in continuing to seek recognition at the hands of our government. The Americans in Mexico are alarmed because they feel that in the president's appeal to them to leave the country, there is a warning of serious steps to follow. They are leaving, many of them at considerable financial loss; but they feel that their lives are in danger as they certainly would be if our government should adopt a policy of armed intervention.

The president's message has already had a good effect in showing the Mexicans that this country after exhausting its friendly and diplomatic offices in the interests of peace, order and stable government, has now come to a decision to adopt a sterner policy towards Mexico and one that will protect Americans and convince the warring factions that none of them can rely upon assistance from this country in their efforts to snatch the reins of government by the force of might attended with treachery and atrocities that would disgrace any nation claiming to be civilized. The spirit of Madero is still abroad and the dark crime by which he was treacherously murdered will be held against the Huerta dictators until they are swept from power.

## THE INDUSTRIAL SCHOOL

All next week, with the exception of Labor day, Principal Fisher's office in the old Mann school building of the Lowell Industrial school, will be open for registration and consultation. Hundreds of boys and girls have already signified their intention of attending the various classes of the coming year, but undoubtedly there are many who have not had the matter brought to their attention in its true light. The Lowell Industrial school is a boon to parents who wish their children to work without entirely giving up their studies. Its pupils are taught the practical things that will fit them for positions of trust and responsibility but their academic training is not neglected. Boys and girls are prepared to go out in a year or two and apply for positions without being compelled to confess their entire ignorance of what they aspire to. They are trained workers when they graduate and instead of looking for positions without experience, the training they receive will stand as a recommendation.

Those who were fortunate in seeing the work of the various departments of the Industrial school last season can testify to the excellence of the training given. In the machine shop, carpentry shop, automobile department as in the dressmaking and millinery departments, boys and girls went about their work as seriously as though they were really engaged in their various pursuits in the commercial world. They were being benefited more than they understood, and they were becoming more useful members of the community. The Industrial school deserves to have large and enthusiastic claires for the coming season, and there are hundreds of young people in this city who have never thought of the opportunities they are losing by not attending this school. They should call on Principal Fisher at his office next week and if they do not care to do so their parents should do it for them.

## OUTLOOK UNDER NEW TARIFF

The democratic in congress are pushing the tariff and currency bills with all possible haste. The sooner both are passed, the better for the entire country. Nothing can be more injuri-

ous to business than the suspense such as results from tariff changes.

It is unfortunate for the country that all the tariff schedules have to be changed with one sweep but until some other method of regulating the tariff be adopted the country will have to endure the resulting industrial disturbance. The change in the tariff would not be sufficient to restore sound business methods without a change in the currency that will afford greater elasticity and thus protect the country against panics.

Owing to the curtailment in practically all lines of business there will be a shortage of manufactured goods that will fall that should cause business to start up very briskly. Some of the manufacturers who are protesting vigorously against the reduction in the tariff have been reaping the rewards of the high tariff while using machinery that is altogether behind the times. They will have to throw aside the old truck and get up-to-date machinery as fast as to be able to compete successfully in the extended field. The textile manufacturers who have kept abreast of the times are not very much alarmed over the tariff changes because they are not afraid of competition from any quarter.

After the new tariff law goes into effect, we may expect a business boom although there will undoubtedly be more keen competition which, however, will only serve to brace up the manufacturers who have disregarded progress, feeling that no matter what they did, they would be securely protected by the high tariff wall.

## MILITANT SUFFRAGETTE

It is alleged that Mrs. Pankhurst calls a truce on the militant tactics of the suffragettes. That is a sign that she is recovering her lost reason. No sane woman can fail to understand that the resort to violence as carried out in England has injured the movement and delayed its progress. The English people will never grant woman suffrage under such attempts at coercion. The militant suffragettes are fast demonstrating that they are not fitted to exercise the franchise. Suppose they had the right to vote and adopted the same line of action in order to carry their point at an election, in favor of some particular candidate or policy, what a state of affairs would result. These British suffragettes have disgraced themselves and have caused not only the British government but others to dread the hysterical, spasmodic woman clothed with the right to vote. The American suffragette has maintained her dignity and hence is not to be feared, but if she acted like a maniac, resorted to all sorts of violence, nobody would want to see her granted the right to vote. Her influence could not fail to be a menace.

## THE HOSPITAL SITE

Before asking the state board of health for an opinion as to whether it would approve the location of a tuberculosis hospital on the driven well land, the municipal board might have readily anticipated the answer. Why did not the board ask whether the Chelmsford street land already owned by the city would be acceptable as a site? Many of our citizens are of the opinion that there is no need of buying a site while the city has available land on the city farm at Chelmsford street, where a hospital could be built without interfering with the present institution or the rights of private property.

Should this disapproval by the state board be made the pretext for the purchase of a certain site, the aldermen will find considerable difficulty in explaining the matter to the satisfaction of the people.

## FOR SAFER STREETS

To be safer, Lowell streets should be wider; but while they remain as they are, it behooves the drivers of all kinds of vehicles to observe the traffic regulations. For the public safety the police are on the alert to see that neither vehicles nor pedestrians will meet in head-on collisions on turning corners. In Waltham the other day two bad collisions resulted from turning corners sharply. Drivers should take the advice on the little traffic marker on the leading squares of our city: "Keep to the right—Go slow."

## FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under an absolute guarantee to refund the money if it fails.

Don't hide your freckles under a veil, give an ounce of othine and move them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the Double strength othine; it is this that is sold on the money-back guarantee.

# RESINOL STOPS BABY'S ECZEMA

Relieves Itching Instantly and Soon Clears Away All Eruption

There would be fewer babies tortured and disfigured by eczema, fewer mothers worn out by constant worry and loss of sleep, and fewer little made miserable by skin troubles that have persisted since infancy, if every woman only knew about Resinol Ointment and Resinol Soap.

Simple baths with Resinol Soap and a little Resinol Ointment spread on the tortured skin, stop the itching instantly, and quickly and permanently clear away the eruption. And the Resinol treatment is so pure, gentle and absolutely harmless, that it can be used with perfect safety on baby's tender skin. Doctors have prescribed Resinol ointment for eighteen years, and thousands of babies owe their skin health to it. Every druggist sells Resinol Ointment and Resinol Soap. Trial free; Dept. 12-P, Resinol, Baltimore, Md.

## Seen and Heard

Up in Bristol, R. I., where great yachts that have so long defended the cup have been built, they tell a story about the blind man, Herraschoff, who has designed so many of these boats.

He was examining an old mahogany table of beautiful design and rubbing his hands carefully over the upper surface and underneath. When he had finished "looking" at the table he said:

"Humph. I didn't know they had circular saws back in 1790."

A Denver capitalist said bitterly, apropos of a dishonest liquidation wherein he had been caught:

"There are pessimists who say that marriage is a failure; but between a marriage and a failure there's this difference:

"In a marriage the wife takes the husband's name, while in a failure the husband takes the wife's name."—New York Tribune.

Recalling the horrors of the Civil war, General Sickles once said in an address:

"Those horrors were so ghastly and so numerous that we became in a certain sad sense hardened to them. Not really hardened, almost like the Chinamen."

"A Chinaman you know was employed as a cook in Los Angeles at the time when the Yellow river flood carried off his children. The man's master hurried to tell him of the calamity, thinking it would overwhelm him; but the cook's only comment was the calm and practical one:

"Plenty Chinamen left."—New York Tribune.

At a tea the other day a woman heard the following remarks made about her favorite author. She turned to listen, amazed by the eccentricities of conduct narrated.

"Yes, you know," the hostess was saying, "Kipling came in and behaved so strangely. At luncheon he suddenly sprang up and wouldn't let the waitress come near the table. Every time that she tried to come near he would jump at her."

"He made a dive for the cake which was on the lower shelf of the sideboard, and took it into the parlor to eat it. He got the crumbs all over the sofa and beautiful rug."

"When he had finished his cake he simply sat and glared at us."

The visitor finally could not control herself, and asked: "Excuse me, but are you speaking of Mr. Rudyard Kipling?"

"Mr. Rudyard Kipling?" echoed her hostess. "Oh, no; Kipling is our dog!"—New York Sun.

## RETURN

Sometimes I wake when dark is fathoms deep To find my pillow wet with bitter tears, And know that far away among the years My heart has sought you, walking in its sleep.

The little spent moon creeps behind the sky, A faint star, following, glimmers and is gone; I hear the long tide shifting, seaward draw, And all the winds are vanquished utterly.

They will return And now upon the hills Trembles an ancient light; a hidden light Somewhere among unfolding flowers With prescience of the dawn. The whole earth thrills. Ah, they were foolish tears! Shall these things be? And my beloved came no back to me?

—Nancy Byrd Turner, in Lippincott's.

## GOWING FAMILY

Ninety Members Assemble at Wilmington—Mrs. Eva G. Ripley Re-elected President

WILMINGTON, Aug. 29.—Ninety members of the Gowing Family association gathered yesterday and observed the 25th anniversary of the society. Among the enthusiastic descendants of the immigrant ancestor, Robert Gowing, who came from Scotland in 1684, was Miss Martha Gowing of Syracuse, N. Y.

Dinner was served at 1, after which there was dancing in the pavilion. At the business session at 3, Mrs. Eva Gowing Ripley of Wakefield, the president, voiced a welcome.

The officers elected were Mrs. Eva Gowing Ripley, Wakefield, president; Edward M. Carter, Somerville, and Louis D. Gowing, Woburn, vice-presidents; Miss Carrie M. Swain, Wilmington, secretary-treasurer; Winfield B. Ripley, Jr., of Wakefield, Eugene A. Carter of Somerville, Miss Olive Norcross of Wilmington, Mrs. Sarah Gowing Bodell of Wilmington and Louis D. Gowing of Woburn, executive committee.

The president advocated the placing of a suitable memorial on the estate in Lyndfield, where Robert Gowing settled. The proposition met with general approval, and a committee, comprising Dr. Fred Gowing of Woburn, Miss Clara Carter of Woburn and Miss Carrie M. Swain of Wilmington, was named to consider the question.

During the afternoon Miss Pauline Lamoureux of Wilmington and Miss Clara Carter of Woburn contributed to an entertainment.

# FOR LABOR DAY CELEBRATION

Arrangements for an Elaborate Observance — Parade in Morning—Sports in Afternoon

All is now in readiness for the grand Labor day celebration which will be held in this city under the auspices of the various labor unions. The affair, if plans are carried out as arranged, will be the most elaborate and successful ever conducted in this city. The committee in charge of the arrangements, which is composed of hustlers representing about every union craft in Lowell, have spared neither time nor money to make the celebration the best ever. The entire day and evening will be taken up, and it is believed several thousand people from nearby cities will take advantage of the grand observance to come to Lowell.

A feature of the day will be the parade which will be held in the forenoon and in which it is expected several thousand workmen will appear in line. In the afternoon an elaborate list of sports will be carried out, while the evening will be taken up with a mass meeting, concert and speeches on the common.

The Route

The parade will start at 9.30 o'clock sharp and the following streets will be covered:

Middle to Central, to Middlesex, to Franklin, to Fletcher, to Adams, to Cabot to Merrimack, (to be reviewed at city hall by members of the city government), to Bridge, to Sixth, to Merrimack, to Central to Central to Central, to South common, for review by Chief Marshal Warnock and staff and dismissal.

The first division of the parade will form on Middle street, passing on to Central, the second division will form on Market street, right resting on Central street. The third division will form on Jackson street, the right resting on Central.

## The Afternoon Sports

The afternoon program is an excellent one in every respect and the prizes which are as follows are worth trying for:

Baseball game, prize \$25; tug-of-war, for unions participating in the parade only, first prize \$15, second prize \$10; 100 yards dash, open, first \$3, second \$2; one mile run, amateurs, first prize valued at \$5, second prize valued at \$3; 100 yards dash, ladies, first prize \$3, second \$2; half mile run for local union men, first \$5, second \$3; running broad jump, for local union men, first \$3, second \$2; three standing jumps, open, first \$3, second \$2; hobble race, ladies, first \$3, second \$2.

In order that there be no protest from any contestant, the following rules have been adopted by the committee and will be put in force:

If less than three teams enter in the tug-of-war, only the first prize will be awarded. In case of only one entry, the race will be declared off.

Only union men that have participated in the parade are eligible to enter any of the contests for union men.

In the evening a mass meeting will be held on the South common during which a concert will be given by the Lowell Military band; this to be followed by speeches by prominent union men from all over the state.

The various committees in charge of the arrangements are composed as follows:

Trades and labor council. Timothy F. Rourke, Bottlers' union, chairman; Frank Warnock, Plasterers' union, vice-chairman; Charles E. Anderson, Molders' union, secretary; John J. Mahoney, Typographical union, assistant secretary; Annie Odell, Cotton Weavers' union, treasurer; James McMahon, Brewery Teamsters' union; Carl Erlebach, Inside Brewery Workers' union; Joseph F. Convery, Carpenters' union 148; Joseph A. Pion, Carpenters' union 1610; Thomas F. Garvey, Cigar makers' union; Albra W. Horsome, Engineers' union 332; John W. Downing, Stationary Firemen 14; Edward Perry, Musicians' union; Geo. W. Gordon, Municipal Employees' union; Joseph Johnson, Street Department Teamsters' union; Irving L. ## ENGINEER IRWIN

Made Superintendent of Bridges and Buildings of the Boston and Maine System

Mr. Franklin S. Irwin, special engineer of the Boston & Maine railroad, who designed the plant of the Billerica car shops, has been appointed as permanent superintendent of bridges and buildings of the Boston & Maine system. The appointment takes effect Sept. 1.

Mr. Irwin has had considerable experience in large engineering problems and acted as chief engineer during the construction of the extensive car shops at Omaha, Neb., and also designed the large shops at Readville. The many new friends made by Mr. Irwin on the occasion of the board of trade's visit to the Billerica car shops will be pleased to learn of his appointment.

## Chattanooga Encampment

BRIDGEPORT, Conn., Aug. 29.—Commander-in-chief Alfred B. Beers of the Grand Army of the republic, in orders issued today, calls the attention of comrades to the arrangements by the Chattanooga Encampment association to provide accommodations on application of comrades and members of the auxiliary and allied organizations at the national encampment.

National headquarters in this city will be changed to Hotel Patton, Chattanooga, on Sept. 13. The parade of the Grand Army will take place at 10 o'clock Sept. 10. All staff aides, aides de camp and national officers are to report to the commander-in-chief at 3.30 a. m. Sept. 7. The first business session of the national encampment will open at ten o'clock Sept. 15.

No man is Stronger Than his Stomach

LET the greatest athlete have dyspepsia and his strength will soon fail. One's stamina—forcefulness and strength of mind or muscle depend upon the blood, and the blood in turn, requires a healthy stomach, for the stomach is the laboratory where the food is digested and such elements are taken up—or assimilated—which make blood. In consequence all the organs of the body, such as heart, lungs, liver and kidneys, as well as the nervous system, feel the bad effect if the stomach is deranged.

The Medical Adviser by R. V. Pierce, M. D., Buffalo, N. Y., answers hosts of delicate questions about which every man or woman, single or married ought to know. Sent free on receipt of 31 one-cent stamps to pay for wrapping and mailing.

Dr. Pierce's Golden Medical Discovery

helps the stomach to digest food properly, starts the liver into new activity, removing the poisons from the blood and the various organs get rich, red blood, instead of being ill nourished. The refreshing influence of this extract of native medicinal plants has been favorably known for over 40 years. Everywhere some neighbor can tell you of the good it has done.

Sold by all medicine dealers in liquid or tablet form or send 50 one-cent stamps to Dr. Pierce, Invalids' Hotel, Buffalo, and a trial box will be mailed you.

BAD SMASHUP

Autos Owned by Fred E. Smith and Dr. S. A. Nicholson Damaged on Merrimack Street

HAVERHILL, Aug. 29.—The forward mudguard was demolished, a forward wheel broken, the forward axle twisted and the front of the body of the car dented last evening when auto No. 1932, owned by Fred E. Smith of Newburyport and operated by Albert Emerson, a chauffeur, was run into by a machine owned and driven by Dr. S. A. Nicholson of this city.

The accident happened on Merrimack street just as Dr. Nicholson was driving out from How street. Mr. Emerson was accompanied by his brother,

Hervy A. Emerson, and three women, and was going along Merrimack street at a slow speed.

The front part of the Nicholson auto was damaged.

## THE NEW YORK SENATE

Formally Accepts Glynn  
as State ChiefSULZER'S FRIEND DENOUNCED IN  
ALBANY HOUSESCharges Made of Bribery and Per-  
jury—Yesterday's Proceedings Were  
Quite LivelyALBANY, N. Y., Aug. 29.—Formal  
recognition of Lieut. Gov. Martin H.  
Glynn as acting governor, pending the  
issue of the impeachment proceedings  
against Gov. Sulzer, was completed by  
the legislature yesterday, when the  
senate accepted three messages sent in  
by Mr. Glynn last night.The day's proceedings in both houses  
were characterized by sharp denunciations  
of Gov. Sulzer's close friend,  
Judge Lynn J. Arnold, who is seeking  
to procure indictments for felony  
against Senator Robert F. Wagner,  
majority leader; Senator James J.  
Frawley, chairman of the committee  
which laid the foundations for the im-  
peachment; and Speaker Alfred E.  
Smith and majority leader Aaron J.  
Levy of the assembly.

Bribery Charged

Levy was charged by Judge Arnold,  
through his newspaper, with receiving  
a \$500 bribe from ex-State Engineer  
Skeen for influencing legislation. Sen-  
ator Frawley also was charged with  
bribery and other offenses, while Sen-  
ator Wagner and Speaker Smith were  
accused of perjury in falsely certifying  
to a quorum.The men impugned declared their in-  
tention of seeking redress through civil  
and criminal actions. A sensation was  
created by the remarks of Senator  
Frawley, which were construed as a  
threat to chastise his accuser person-  
ally.A concurrent resolution was passed  
clothing the sergeant-at-arms with  
power to arrest Louis A. Sarecky,  
formerly Gov. Sulzer's confidential man,  
and Frederick L. Colwell, said to have  
been associated with Mr. Sulzer in  
Wall street transactions.

The assembly judiciary committee

wrangled intermittently during the  
day over an effort to bring to book  
James C. Garrison, accused of having  
stated that money was used to in-  
fluence votes in adopting the resolution  
impeaching Gov. Sulzer. The effort  
ended in a fiasco, the committee ad-  
journing without having accomplished  
anything beyond the appointment of a  
subcommittee to take the matter in  
hand.

Hitch on Legislation

The plans of the democratic leaders  
to put through at yesterday's session  
the several financial measures recom-  
mended by Acting Gov. Glynn went  
away after repeated failure to escape  
together the three-fifths attendance of  
each house necessary to pass appro-  
priation bills.The leaders finally were compelled  
to defer the matter to the next meet-  
ing of the legislature, which by a con-  
current resolution was fixed at Sept.  
17, the day before the convening of the  
impeachment court.Special interest attached to the atti-  
tude of Senator Sage of Albany county,  
who is regarded as state republican  
leader. Barnes' spokesman in the sen-  
ate for the reason that it favored Act-  
ing Gov. Glynn, and was diametrically  
opposed to the line taken by republi-  
can leader Hinman, who is supposed to  
reflect usually Mr. Barnes' views in the  
assembly. This attitude, instead of  
the pro-Sulzer stand taken by Assem-  
blyman Hinman, is generally under-  
stood to agree with that of Barnes.

Troubles Adjusted

WASHINGTON, Aug. 29.—Announce-  
ment was made here today of the am-  
icable adjustment through the depart-  
ment of labor differences between the  
Baltimore & Ohio railroad and the ma-  
chinists in all the shops of the sys-  
tem between Philadelphia, Chicago and  
St. Louis that have existed since Dec.  
10. The adjustment deals particularly  
with working conditions although the  
minimum wage scale is increased  
one cent an hour and provision is  
made for a nine-hour working day.Honduras Accepts Bryan's Peace Plan

## EMPERATOR WILL SAIL ON REGULAR TIME

NEW YORK, Aug. 29.—Hamburg-American line officials reiterated  
today that the fire aboard the steamer Emperor yesterday had not  
rendered the vessel unseaworthy, notwithstanding the fact that the flames  
raged for more than five hours in the after hold. No vital part of the  
great vessel was injured it was declared and she will sail on regular  
schedule tomorrow.A Summer Vacation

## TWENTIETH CENTURY MIRACLE AT ST. CLAIR, PA.

POTTSVILLE, Pa., Aug. 29.—A remarkable case of the resuscitation  
of the apparently dead by the use of a pulmotor is reported from St.  
Clair. Joseph Mango, a minor, employed in a colliery of the Reading rail-  
way, ran into a pocket of mine gas and when found by his companions  
life was apparently extinct. Although the case seemed hopeless three  
members of the first aid corps rushed for the pulmotor with which all  
mines are provided and began the work of resuscitation.The body was first wrapped in seven blankets to retain any heat that  
might remain and the machine for producing artificial respiration was  
operated vigorously. As they worked the men shouted loudly into the  
ears of the patient to breathe and finally they were rejoiced to observe  
signs of life. Keeping up the work of pumping pure oxygen into the lungs  
of the man they had him breathing freely at the end of an hour and  
a half. Mango is at his home still very ill but physicians say he will  
recover.

## STEAMSHIP LUSITANIA

Bearing Viscount Hal-  
dane Due in New YorkNEW YORK, Aug. 29.—The steamship  
Lusitania, bearing Viscount Haldane,  
the first lord high chancellor of Great  
Britain to leave his country for 400  
years, was expected to dock here this  
afternoon. A reception committee con-  
sisting of representatives of the United  
States government and of the Ameri-  
can Bar association whose guests he  
will be during a five days' visit in this  
country and Canada planned to meet  
the distinguished visitor at the pier  
and welcome him to the United States.After a reception aboard the ship  
Lord Haldane and his party, which in-  
cludes Sir Kenneth Muir-Mackenzie,  
clerk of the crown and Miss Elizabeth  
Haldane, the chancellor's sister, were  
to be escorted to the Hotel Plaza, where  
he was to receive newspaper men and  
accord the first interview he has given  
to the press since election to his  
high office.A sightseeing tour of New York this  
afternoon was the first event of the  
many arranged for his entertainment.  
Tonight he will be the guest at a din-  
ner given by G. A. Severance of St.  
Paul, a member of the American Bar  
association. Tomorrow J. P. Morgan's  
yacht Corsair, will take him to West  
Point, where he will review the cadets.

## A LIVELY RUNAWAY

On Merrimack Street  
Stopped by ManA lively runaway occurred on Merri-  
mack street about 8 o'clock this morn-  
ing when a horse owned by the Loose-  
Wiles Biscuit company and drawing  
a heavy wagon became frightened  
near the corner of Dutton and Merri-  
mack streets and crashed into a fruit  
team and continued on its way until  
stopped by a young man named Wil-  
liam McLean, employed by the Bon  
Marche company.It is said that a part of the harness  
became loose and struck against the  
horses while he was being driven downMerrimack street. This, together with  
the noise of an engine that was pass-  
ing near Dutton street at the time  
frightened the animal, which started  
down Merrimack street at a rapid  
gait. The driver after trying without  
success to stop the horse climbed over  
the seat and made his exit from the  
rear end of the wagon. In jumping to  
the ground he fell but was not injured  
and was able to give chase to the  
horse. When near the corner of Palm-  
er and Merrimack streets the wagon  
struck a fruit team that was halted  
there, damaging a part of the biscuit  
team. The horse was stopped by Wil-  
liam McLean.

## HEALTH BOARD MEETING

Outlet of Aiken St. Sewer  
a MenaceThe board of health held a special  
meeting this morning in relation to  
the Aiken street sewer outlet, which is  
a menace to public health. The most  
vital point was to come to some un-  
derstanding as to what should be done  
with the outlet, which since the drag-  
ging of the river bed at Hunts falls, has  
been uncovered, exposing a very nasty  
mass of sewage. However, the matter  
was soon to a close when Mr. Drury  
announced that Commissioner Donnelly  
was to start work on the extension  
of the outlet sometime this week.The meeting was presided over by  
Dr. Brunelle, and the matter of extend-  
ing the outlet was discussed at length.  
Mr. Drury said he was told by Commis-  
sioner Donnelly that work on the ex-  
tension of the outlet will be started  
sometime this week or within ten  
days. Mr. Drury said he wished the  
pipe to be extended below the basin of  
water in the rear of the Lawrence  
Mfg. Co. so that no back wash of sew-  
age will occur.Agent Bates said when the river was  
dragged at Hunts falls the sewer out-  
lets from the Central bridge to the  
Rever brook were left uncovered  
which was a menace to public health  
and a detriment to the city.As a matter of fact the state board  
of health in its report relating to the  
condition of the Merrimack and Con-  
cord rivers, recommended the exten-  
sion of the West, Coburn, Fulton and  
Aiken streets sewer outlets, but it is  
understood that at that time the city  
engineers had already made plans for  
the said extensions. The Aiken street  
outlet, it is said, was the worst in that  
locality.

## CONTINUED EARTH DISTURBANCES IN SICILY

MESSINA, Sicily, Aug. 29.—The seismic instruments here have  
registered during the past 24 hours continued earth disturbances. A

## MATRIMONIAL

O'NEIL—DRAIN.

A very pretty wedding took place at  
five o'clock Wednesday afternoon at  
St. Peter's rectory, when Mr. John J.  
O'Neil and Miss Mary J. Drain were  
united in the bonds of matrimony by  
Rev. W. George Mullin. The bride was  
becomingly attired in white embroid-  
ered voile with white picture hat and  
was attended by her sister, Miss Eliza-  
beth Drain. The latter wore a gown  
of pale blue silk and a blue garden hat.  
The groom was attended by Mr. Wil-  
liam Flynn.After the ceremony the happy couple  
repaired to their home, where a lunch-  
eon was served to the immediate rela-  
tives.

They left on an early evening train

for Boston, and will be at home to  
friends at 15 Mill street after Sept. 10.

## BROOKS BROS., 65 Central Street

We want to show you folks from Missouri, Lowell, just why we have opened a store in this city. We want to make you acquainted with our system of custom tailoring which has made us famous.

Coming here before you as strangers, we realize that only by obtaining your absolute confidence can we hope to make this, our 3rd store, as big a success as we want it to be, and we realize also that your confidence will only be given after we have proven ourselves in every possible manner. So here is our story. Weigh it and give us your verdict.

At 172 Washington street, Boston, we now have in operation one of the finest whole-sale tailoring stores in New England, catering to merchant tailors only. Our reputation must be built by merit and merit alone. The reason for our positive success rests in the fact that we have employed the most efficient designers and cutters that money can buy. S. H. Belson, late of Belson & Co., Tailors, of Baltimore, Md., will be in charge of our cutting department in Lowell. He is undoubtedly the highest priced cutter in this city today, and with such a man at the helm there is no doubt that we will build up the largest single tailoring business in Lowell.

Naturally we want to get as good a start as possible, and to get it we are going to ask your help—for a consideration. We are "twenty-five dollar tailors" and have always maintained the price heretofore. But as an opening offer we place our stock of 1913 fall and winter suitings and overcoatings, absolutely \$25 and \$30 values, on sale to get acquainted, at a price never before heard of. Come in and be measured and the price for a suit or overcoat will be

### NOTICE!

This means what it says to the strict letter and word. The garments will be put together by first class tailors. We do not sell you woollens alone—the workmanship is of as much importance. Every single garment will be hand sewed on the edges, the collar will be felled by hand and the buttonholes will be all hand made. In fact we will build you a \$30.00 suit in every detail, and our price will be \$14.75.

# LOWELL WINS DOUBLE HEADER

## Brockton Beaten in Both Games

—Aubrey, Halstein, McMahon and Dowd the Stars

Lowell won both games at yesterday's double-header with Brockton by superior stickwork and better box performances. Maybohm and Finneran faced the visitors in the first and Henderson was on the firing line in the second game. All three pitched good ball. Finneran was sent into the first contest in the sixth inning on account of a wrist sprain Maybohm developed in the previous session.

The Lowell team continued their hitting streak of the past ten days and nothing could stop their slugging. Swapp and Chaney both twirled a good game. The second contest only went seven innings.

Maloney started the second contest with a high fly which hovered over pitcher's box. Henderson misjudged the ball and Maloney reached first. Dowd flied out to Magee. McMahon put up one for Miller and Brignolia closed the inning by fanning.

Clemens took his base when he drew a bad quarter and took second on Miller's infield out. Daly grounded to Chaney and Clemens was forced to third. Magee flied out to McGill.

Score: Lowell 6, Brockton 0.

Kennedy flied out to Dee. Halstein flied out to Chaney and Henderson scored the base and made the 10th out. Tesch went out on his ground ball to Dee.

Lowell started the scoring in the second. Halstein singled to left and DeGroff scored him with a triple to deep left center. DeGroff also scored when Dowd, who took the third base, made a wild peg to McMahon. Aubrey fanned. Dee flied out to Brignolia and Henderson was out at second when he tried to steal after being passed.

Score: Lowell 2, Brockton 0.

The visitors brought in their only hit in the third. With two outs, Maloney rapped a double into center and Dowd followed with a smash to left which netted him three sacks. McMahon left him there when he hit to Dee.

Two more came across for Manaver Gray's boys in the first half of this inning. Errors were responsible for both scores. Clemens grounded out away from Tesch. Miller singled to right and Clemens took third. Miller then stole second. Daly laid down a perfect sacrifice and Clemens tore across the plate. Miller was out on the play. Miller came home when Magee hit to Tesch. The latter made a perfect throw to Rufange, but the catcher dropped the ball when Miller slid into the plate. Magee was forced when Halstein hit to Tesch and Dowd snapped the hit to right. Halstein took second on the throw-in and Aubrey scored Magee with a bingle to short center. Aubrey allowed himself to be doubled between first and second and

Halstein scored before he was put out. Final score: Lowell 6, Brockton 1.

Lowell started the second contest with a high fly which hovered over pitcher's box. Henderson misjudged the ball and Maloney reached first. Dowd flied out to Magee. McMahon put up one for Miller and Brignolia closed the inning by fanning.

Clemens took his base when he drew a bad quarter and took second on Miller's infield out. Daly grounded to Chaney and Clemens was forced to third. Magee flied out to McGill.

Score: Lowell 6, Brockton 0.

Kennedy flied out to Dee. Halstein flied out to Chaney and Henderson scored the base and made the 10th out. Tesch went out on his ground ball to Dee.

Lowell started the scoring in the second. Halstein singled to left and DeGroff scored him with a triple to deep left center. DeGroff also scored when Dowd, who took the third base, made a wild peg to McMahon. Aubrey fanned. Dee flied out to Brignolia and Henderson was out at second when he tried to steal after being passed.

Score: Lowell 2, Brockton 0.

The visitors brought in their only hit in the third. With two outs, Maloney rapped a double into center and Dowd followed with a smash to left which netted him three sacks. McMahon left him there when he hit to Dee.

Two more came across for Manaver Gray's boys in the first half of this inning. Errors were responsible for both scores. Clemens grounded out away from Tesch. Miller singled to right and Clemens took third. Miller then stole second. Daly laid down a perfect sacrifice and Clemens tore across the plate. Miller was out on the play. Miller came home when Magee hit to Tesch. The latter made a perfect throw to Rufange, but the catcher dropped the ball when Miller slid into the plate. Magee was forced when Halstein hit to Tesch and Dowd snapped the hit to right. Halstein took second on the throw-in and Aubrey scored Magee with a bingle to short center. Aubrey allowed himself to be doubled between first and second and

Halstein scored before he was put out. Final score: Lowell 6, Brockton 1.

# R. C. WATSON AND J. M. WARD NOTED GOLFERS IN AMATEUR CHAMPIONSHIP

GARDEN CITY, N. Y., Aug. 29.—There is no better known player and golf enthusiast in the country than Mr. Watson. Judging from his past performances, it was considered more than likely that he would finish well up with the leaders in the championship tournament. Old baseball fans will remember about Mr. Ward, how he was once the crack shortstop of the New York Giants and captained the team. Since he has given up baseball Mr. Ward has become an expert golfer, and his friends say that he can wield the golf club as effectively as he once could the baseball bat.

# "THE COUNCIL OF PEACE," SCENE IN CONGRESS WHEN PRESIDENT READ MESSAGE

President Wilson declaring his new Mexican policy before Congress.  
PHOTO © 1913 BY AMERICAN PRESS ASSOCIATION

This picture shows President Wilson reading his special message regarding Mexican affairs before Congress. Vice-President Marshall is at the left of Speaker, Clark. In defining his policy of neutrality, at the same time holding

those in power in Mexico strictly accountable for any attacks upon Americans, the president gained the support of nearly all in Congress regardless of politics. Following this impressive scene in Congress word came that

Huerta had practically agreed to accept President Wilson's plan of mediation, which had previously been rejected, and that John Lind, the president's personal representative in Mexico, had returned to Mexico City to re-negotiations.

E. Mullarky. Burial was in the family lot in St. Patrick's cemetery, where Rev. Fr. Murphy gave the final absolution at the grave. Funeral director James W. McKenna in charge.

### A LITTLE NONSENSE

**STUNG.**  
The Reflected One—Yes, it's all right to say "Clear up." But she won't give my presents back, and, dog-dog, it, I need that tin whistle bad.

**NOT FOR HER.**  
Voice from the Tree—Wait a minute, Genevieve; here's a lot of dandy ones comin'.

**A BEAUTY.**  
Narcissus J. Nolan—By Jinks! No wonder the girls is all crazy about me.

**AN IMPORTANT POINT.**  
Both (sotto voce)—Now, what was it we was scarpin' about!

**GOOD SPORT.**  
"Uncle Job Jones sez this is a dandy fishes' hole. Way back in 1803 he caught two here."

**POSTPONED.**  
"Excuse me, Miss Mabel, I'll finish proposin' to you tomorrow. There goes our supper bell."

## ECZEMA LIKE WATER BLISTERS

On Face and Ears, Itched and Burned, Disfigured, Could Not Go Anywhere. Cuticura Soap and Ointment Cured in Few Weeks.

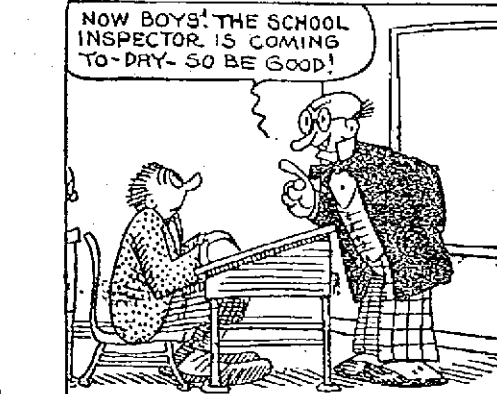

250 Tarry St., Brockton, Mass.—"Eczema began on my son's face and ears something like a rash. Later it became like water blisters. They itched and burned so badly the child made wails. The trouble disfigured him for the time being; he could not go anywhere. It troubled him to lie on his ears. He was cross and fretful and restless."

"I tried several other salves but none of them did any good. The trouble lasted two or three years off and on before I used Cuticura Soap and Ointment. I used to wash the sores with warm water and Cuticura Soap and then put on the Cuticura Ointment and they afforded relief right away. It was only a few weeks till the cure was complete." (Signed) Mrs. J. W. Ollis, Jan. 10, 1912.

### FOR PIMPLES AND BLACKHEADS

The following is a most effective and economical treatment: Gently smear the affected parts with Cuticura Ointment, on the end of the finger, but do not rub. Wash off the Cuticura Ointment in five minutes with Cuticura Soap and hot water and continue bathing for some minutes. This treatment is best on rising and retiring. At other times use Cuticura Soap freely for the toilet and bath, to assist in preventing inflammation, irritation and clogging of the pores. Sold throughout the world. Liberal sample of each mailed free, with 32-p. book. Address post-card "Cuticura, Dept. T, Boston."

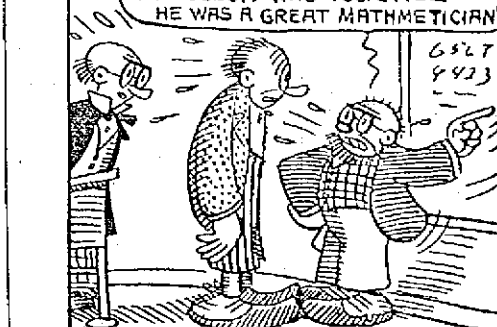

\*Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.
